THESE rules apply to all colleges which receive aid from Government in any form either as a recurring grant for maintenance or a capital grant for buildings, furniture and equipment or a lease of land. For the purposes of these rules the word "college" includes hostel.

I.—General.

1. Application for grants shall be made to the Director of Public Instruction in the case of first-grade colleges direct and in the case of second-grade colleges through the Divisional Inspector of Schools.

2. Before a grant is sanctioned, the Director shall decide what security, if any, should be given, and what trust deeds, if any, should be executed by the authorities of the college.

3. No grant shall exceed half the amount contributed from private sources without the sanction of Government.

NOTE.—In the cases of recurring grants private sources include private subscriptions, tuition fees, game fees, library fees and other periodical payments made by students to the college funds.

4. The management of the affairs of every college which obtains aid from Government (whether by a grant of money for maintenance or for capital charges or of land) shall be in the hands of a governing body constituted in accordance with University Regulations and approved by the Director of Public Instruction.

5. Grants are given on the principle of strict religious neutrality and no preference shall be shown to any college on the ground that any particular religious doctrines are taught or are not taught therein.

6. Before sanctioning a grant, the Director will determine the maximum number of students that may be accommodated in the existing buildings and in each classroom. If the number of students at any time exceeds the maximum number so determined, a recurring grant may be withdrawn or reduced. If the accommodation is increased, application shall be made to the Director for a revision of the maximum, but the permission of the Director shall not be anticipated and the original limit shall not be exceeded until the new accommodation is actually available.

NOTE 1.—The area of each classroom should give a minimum of 10 square feet per student. The window space should be at least one-sixth of the floor space. In the case of existing pucca buildings where window space is defective, the Director shall exercise discretion in requiring compliance with the rules.

7. Every aided college together with its accounts and records shall be open to inspection by the Director, the Commissioner and the District Officer and also by the Inspector of Schools in the case of second-grade colleges. The records and accounts of the college shall be placed in such custody that they shall always be accessible on the visit of an inspecting officer during working hours on working days.

10. The governing body of every aided college shall draw up a set of rules regulating the conditions of appointment of members of the teaching staff and of their absence from duty.

10. Grants for the purchase of furniture and equipment will be paid out on the receipt of vouchers duly receipted.

11. Should a capital grant of money not be applied to the purposes for which it was given, or should the college cease, within such number of years as may be agreed upon, either to be open to inspection or to be, in the opinion of the Government, efficient and properly equipped, the college shall be bound to refund to Government the amount of the grant or so much of it as has not been expended upon those purposes; and in order to realize the amount Government may take possession of and sell any buildings erected or furniture purchased with the aid of Government grant.

(Establishments.)

No. 1260.

Simla, the 24th June 1920.

RESOLUTION.

With the approval of His Majesty's Secretary of State for India it has been decided to allow the officers noted on the margin* to draw, with effect from the 1st December 1919, the same pay as has been sanctioned in the Home Department Resolution No. 286, dated the 13th February 1920, for regular members of the Indian Civil Service, subject to the following reservations or principles:—

*1. Officers promoted from the Provincial Service to hold Indian Civil Service posts.
2. Officers recruited from the Bar.
3. Military and other uncovenanted members of the old mixed commissions (including members of the old Berar Commission).
4. Statutory Civil Servants.

(1) Only officers of non-Indian domicile belonging to the third category set forth in the margin will be eligible for overseas allowance.

(2) (*a*) The initial pay of an officer promoted from the Provincial Service will on each occasion of his promotion be fixed on the superior time scale at a stage which will represent Rs. 300 a month above the pay last enjoyed by him in the regular line of the Provincial Service, or the initial stage of the superior scale (Rs. 1,000) whichever is greater.

(*b*) In bringing such officers at present in service on to the time scale, their pay on permanent appointment to posts ordinarily held by members of the Indian Civil Service will first be determined in accordance with the principle in clause (*a*) above, and to this will be added as many increments as they would have received according to their length of service after such promotion.

(3) Military and other uncovenanted members of the old mixed commissions (including members of the old Berar Commission) and Statutory Civil Servants will be brought on to the time scale in accordance with paragraph 4 of the Home Department Resolution No. 286, dated the 13th February 1920, the date of commencement of service in their case being reckoned from the date of their first appointment to the mixed commission or Indian Civil Service.

RESOLUTION.

(TRADING BY FOREIGNERS).

The following papers regarding the resumption of trade relations with Germany are published for general information :—

1. *Letter from the Government of Bengal, No. 7-T.-Com., dated the 7th May 1920, and enclosure.*

No. 7-T.-Com., dated the 7th May 1920.

From—THE HON'BLE MR. A. MARR, I.C.S., Secretary to the Government of Bengal, Darjeeling.

To—The Secretary to the Government of India, Department of Commerce, Simla.

I am directed to submit, for the information of the Government of India, a copy of a letter No. 11-C.M. 6-1920, dated the 16th April 1920, from the Secretary, Calcutta Trades Association, on the question of trading with German firms.

2. As the question of policy affects the whole of British India, it is desirable that the Government of India should make an authoritative pronouncement on the subject. The general question of post-war trade with our late enemies was discussed in this Government's letters Nos. 414-T.-Com., dated the 26th September 1917 and 495Com., dated the 21st January 1918, but there have doubtless been subsequent developments of which the Governor in Council is not aware.

No. 11-C.M. 6-1920, dated the 16th April 1920.

From—The Secretary, Calcutta Trades Association, Calcutta,
To—The Chief Secretary to the Government of Bengal.

At a regular meeting of the Committee of the Calcutta Trades Association, held on Friday the 9th April 1920, the question of trading with German firms was raised by one of the members.

It would appear that firms in Germany are now offering agencies for German goods, that I have been directed to ascertain the views of Government as to the desirability of the resumption of trade relationship with Germany.

The vexed question has, it is understood, been freely debated upon in England, and the reply given by the President of the Board of Trade was to the effect that Great Britain required German purchasing power, and that it was the view of His Majesty's Government that Germany must be set on her feet again.

As, however, conditions in India may be somewhat different, before members of this Association enter into business negotiations with German firms, they consider that the feeling of the Government of India on this point should be made publicly known, so that trade relationship with Germany may be resumed without fear of arousing public feeling.

2. *Letter to the Government of Bengal, No. 3144, dated the 17th June 1920.*

No. 3144, dated the 17th June 1920.

From—R. B. EWBANK, ESQ., I C.S., Deputy Secretary to the Government of India, Department of Commerce.

To—The Secretary to the Government of Bengal, Commerce Department.

I am directed to acknowledge the receipt of your letter No. 70-Com., dated the 7th May 1920, forwarding, for the information of the Government of India, a copy of a letter from the Secretary, Calcutta Trades Association, on the subject of the resumption of trade relationships with Germany. You suggest that, as the question of policy thus raised affects the whole of British India, it is desirable that the Government of India should make an authoritative pronouncement on the subject.

2. In reply I am to say that an authoritative pronouncement on the subject has already been made by His Excellency the Viceroy in his speech on the 8th January last when he opened the Conference of the Chambers of Commerce in India and Ceylon, and I am also to invite a reference to this Department's notification No. 1368-D., dated the 21st February 1920, republishing certain notes issued by the Board of Trade on trading conditions with certain countries. From this notification it will be seen that 'it is no part of the policy of His Majesty's Government to discourage British traders from competing in the markets of the late enemy countries and it is desirable that British traders should make every effort to secure a proper footing in Central Europe.' The Government of India have already announced their intention of excluding Germans from India for a period of five years from the date of the conclusion of the war, but though they do not propose to allow Germans to handle trade in India for this period, there is no objection to firms in this country resuming trade relationships with German firms. The attention of the Trades Association, however, should be drawn to the two provisos to the General Trading License published under the authority of the Governor General in Council on the 2nd August 1919, which provisos are still in force.

ORDERED that a copy of the above Resolution be forwarded to all Local Governments and Administrations, the Director General of Commercial Intelligence, the Chambers of Commerce, Trades Associations, the Indian Trade Commissioner, London, and His Majesty's Trade Commissioner in India, for information, and that it be published in the Supplement to the *Gazette of India*.

Orders by the Governor of Bengal in Council.

MUNICIPAL AND LOCAL.

NOTIFICATIONS.

No. 1998 L.S.-G.—The 3rd July 1920.—In exercise of the powers conferred by clauses (*a*) and (*l*) of sub-section (2) of section 101 of the Bengal Village Self-Government Act, 1919 (Bengal Act V of 1919), the Governor in Council is pleased to make the following rules :—

Rules under the Village Self-Government Act, 1919, regarding assessment and collection of the union rate.

ASSESSMENT AND IMPOSITION OF THE UNION RATE.

1. After preparing the annual budget estimate in Account Form No. 1 and not less than two months and a half before the first day of the year to which the budget relates, the union board at a meeting shall proceed to assess the union rate provided in the estimate according to the circumstances and the property within the union of the persons liable to assessment.

2. The union board shall first prepare, village by village and in Form No. 1, a list of all persons owning or occupying buildings in the union, either permanently or temporarily, showing their trade, business, etc., and their estimated annual income within the union. All such persons shall be included in the list, even if some are subsequently exempted.

3. The board shall determine the total assessable income of the person concerned after considering his debts and liabilities, if any.

4. Government or any local authority or company owning or occupying buildings in the union may be assessed in consideration of the value of the total property which the Government or such authority or company may possses within the Union :

Provided that the total amount of the rate annually payable by Government or such authority or company to the union board shall not exceed the maximum of Rs. 84.

NOTE.—Railway companies are not liable to payment of the union rate until they are notified as liable under section 135, Indian Railways Act.

5. A person liable to pay the rate, but not living in the union, shall be assessed only on the land which he actually holds, or on the income which he may actually derive from property or business in the union.

6. The assessment list prepared as aforesaid shall be approved by the union board at a meeting and so much of it as appertains to each village in the union shall be published in a conspicuous place in that village at least two months before the commencement of the year.

7. The union board at a meeting shall hear and decide any objections to the assessment list made within three weeks after the publication of the list. A note shall be kept of such orders as are passed in the minute book of the board.

8. After the expiry of the period of three weeks mentioned in rule 7 the president of the union board shall send to the circle officer a duplicate copy of the assessment list together with a copy of the budget and a certificate stating the dates on and the places at which the assessment list was published.

9. Upon receipt of the assessment list, the circle officer shall see—

(*a*) that the list has been signed by all the members and the publication has been certified;

(*b*) that the estimate of the union rate as provided in the budget has been correctly arrived at; and

(*c*) that in estimating the rate the balance in hand from the previous year has been allowed for.

If the circle officer thinks that the assessment made is inequitable, or is in excess of the legal requirements for the year, or will fall short of them, he will report to the District Magistrate, who may direct the union board to revise the assessment, and the board shall prepare a revised list accordingly.

10. The assessment list after being checked by the circle officer, or the revised list, if any, prepared under rule 9, shall be published by the union board in the manner laid down in rule 6, if possible before the first day of the year and if not as soon as possible thereafter.

11. If any person mentioned in the assessment list ceases at any time after the publication thereof under rule 10 to occupy any building in respect of the occupation of which he has been assessed, or if the means and property in respect of which he has been so assessed are reduced, the union board at a meeting may exempt him from assessment or revise the same; and such exemption or revision shall take effect from such date as the board may direct.

12. The union board at a meeting may, at any time after the publication of the assessment list under rule 10 and after giving previous notice of not less than a week, assess any person who was without authority omitted from the list, or whose liability to assessment has accrued thereafter, and may enhance any assessment which may appear to it to be inadequate and to have been so made owing to mistake or fraud. Any assessment or enhancement made under this rule shall take effect from the beginning of the quarter in which such assessment or enhancement is made or from the date when the liability to assessment accrued, whichever may be later.

13. The union board may, at any time, after giving previous notice of not less than a week, substitute for any name mentioned in the assessment list the name of any new owner or occupier of a building, and may assess the rate on such person, and such person shall be liable to pay such assessment from the first day of the quarter in which such person's name was substituted in the assessment list, or from the date on which the change of ownership or occupation occurred, whichever may be later.

METHOD AND TIME OF PAYMENT OF UNION RATE.

14. The union rate shall be payable in equal quarterly instalments. The instalment of the rate on account of each quarter shall be due on the first day of such quarter:

Provided that in the case of an assessment under rule 12 or rule 13, the first instalment shall be due on the date on which such assessment is made known to the assessee.

15. The union board at a meeting may appoint one or more persons, who may be members of the board, to receive and collect the rate. The rate may also be paid at the office of the union board. The board shall declare by notification to be posted up in its office at what hours the office shall be open for the receipt of money.

16. Every person liable to pay any sum assessed upon him under these rules shall, within fifteen days from the date on which the said sum becomes due, pay or tender such instalment to the person or member appointed in that behalf under rule 15 or at the office of the union board.

17. For all sums paid on account of the rate a receipt shall be given in Form No. 2.

NOTE.—An estimate shall be made of the number of receipt forms likely to be required for a year's consumption and the complete year's supply shall bear consecutive printed numbers and shall be stitched in books of 100 each. The president shall stamp every receipt with the seal of the union board and keep the books in his personal custody. He shall keep an account of the books he issues and see that they are returned as soon as they are used up. The surplus forms shall be destroyed at the end of the year.

DISTRAINT AND SALE OF MOVABLE PROPERTY OF DEFAULTER.

18. Immediately after the 15th day from the date on which the instalment payable becomes due the union board shall prepare a list of the persons who may have failed to pay their respective instalment of the rate for such quarter, showing the amount due from each of such defaulters, and so much of it as appertains to each village shall be published in a conspicuous place in that village.

19. If any of the defaulters shall not, within 15 days of the publication of the list under rule 18, pay the sum due, or show to the union board sufficient cause for not paying the same, the president, or, if so directed by him, the vice-president, shall cause the chaukidar or any other person authorised in writing by the president or the vice-president to levy by the distraint and sale of a sufficient portion of the movable property of the defaulter, except plough-cattle and tools and implements of trade and agriculture, the amount of his arrear, together with a sum equal to half the amount of such arrear, by way of penalty:

Provided that when the movable property distrained is shown to the satisfaction of the union board to have been left in the building for repairs or safe custody in the ordinary course of business, it shall be released.

20. Distress shall be made by actual seizure of movable property and the officer charged with the execution of the distraint and sale shall be responsible for the due custody thereof.

21. Such officer shall give not less than ten days' previous notice of the sale and of the time and place thereof by beat of drum:

Provided that if the property distrained is of a perishable nature, it may be sold at once with the consent of the defaulter, or without such consent at any time after the expiry of six hours from the seizure.

22. If the sum due be not paid with the penalty referred to in rule 19 before the time fixed for the sale, the movable property seized shall be sold by auction at the time and place specified in the most public manner possible, and the proceeds shall be applied in the discharge of the sum due, including the penalty. Two members of the board shall be present at every such sale.

23. No property shall be sold to any member or servant of the union board.

24. The surplus sale proceeds shall be returned to the defaulter, or, in his absence, credited to the union fund to be paid thereafter on demand to any person who establishes his right to the satisfaction of the union board.

25. A record of all proceedings taken under rule 18, *et seq.*, shall be made and preserved in the minute book of the union board.

26. The union board shall cause a regular account to be kept of all distresses levied and sales made for the recovery of the union rate.

27. No instalment of the union rate shall be recovered by distress after the expiration of one year from the day on which the same shall have become due.

No. 166 (third publication).—The following particulars, etc., relative to the above, issued by the Director of the Royal Indian Marine, Bombay, in Notice to Mariners (No. 75M. of 1920), are republished :—

Steam vessels of any draft entering Bombay Harbour either by day or night should experience no difficulties although the Pilot Schooner has been brought in from her original station and is now anchored off Sunk Rock, they should attempt always to make the Bombay Floating Light moored in the fairway (Lat. 18° 50′ N., Long. 72° 44′ 30″ E.), thence steer a course to bring Prongs Reef Buoy in transit with Sunk Rock at a distance of not less than one mile, then the course should be altered direct for the Pilot Schooner or one mile east of Sunk Rock. During the Monsoon when the weather may be such as to make it difficult for the Mariner to distinguish the more conspicuous marks or during the cold weather months when great smoke haze lies over the town and surrounding country, the best time to make the Port is an hour before sunrise, the lights then being visible will enable the Mariner to obtain an accurate position, and it should be remembered that the Light Vessel is fitted with a submarine bell, also that both Prongs Reef and Thull Shoal are marked by Gas Buoys.

2. Pilotage is compulsory : no vessel is allowed to proceed north of Sunk Rock; Naval Ships, Royal Indian Marine Ships and other Government Vessels being exempted. All vessels making the Port should show their nationality and name to Prongs Light House as soon as possible on which Light House a Watch is kept night and day.

NOTIFICATIONS.

No. 2076M.—The 13th July 1920.—In exercise of the powers conferred by section 23 of the Calcutta Rent Act, 1920 (Bengal Act III of 1920), the Governor in Council is pleased to make the following rules to carry out the purposes of the said Act :—

RULES.

1. (1) These rules may be called the Calcutta Rent Rules, 1920.

(2) In these rules "Act" means the Calcutta Rent Act, 1920.

EXTENSION OF THE CALCUTTA RENT ACT TO TOWNS AND LOCAL AREAS.

2. (1) Before finally publishing a notification under section 1, subsection (3) of the Act the Local Government shall publish a draft of the same in the *Calcutta Gazette*, and copies thereof in the English and vernacular languages shall also be posted up in a conspicuous place at the office of the District Magistrate and at the office of the Municipal Commissioners.

(2) Any inhabitant of the area affected by such draft may, if he objects to the draft, submit his objection in writing to the Secretary to the Government of Bengal within six weeks from its publication, and such objection shall be taken into consideration.

(3) When six weeks from the publication of the draft have expired and objections, if any, have been considered, the Local Government may or may not publish the notification finally as the case may be or modify it, but not so as to extend its operation.

DELIVERY OF A COPY OF AN ORDER OF THE CONTROLLER.

3. When a certified copy of an order made by the Controller is to be delivered to a landlord or his authorized agent, it shall not be necessary to name the landlord or his agent in the document, and the delivery thereof shall be effected—

(*a*) by giving or tendering such document to the landlord or his agent, or, if there be more than one landlord or agent, to any one of the landlords or agents : or

(*b*) if the landlord or his agent is not found, by giving or tendering such document to some adult male member or servant of the family of the landlord or his agent, or of any one of the landlords or agents.

PROCEDURE FOR INQUIRIES.

4. In making inquiries under the Act, the Controller or the President of the Tribunal shall follow, as nearly as may be, the procedure laid down in the Code of Civil Procedure, 1908, for the regular trial of suits, the substance only of the evidence being recorded as in unappealable cases.

NOTICES.

5. (1) The notice required by section 15 (4) of the Act to be given by the Controller before exercising any of the powers conferred on him by the Act shall be given as follows :—

(*a*) By affixing a copy of the notice to some conspicuous part of the premises to which it relates or to some conspicuous object near such premises :

(*b*) by serving a copy of the notice upon the landlord entitled to receive the rent of the premises from the tenant of the same, or, if the premises are unlet, upon the person entitled to let them ; and

(*c*) by serving a copy of the notice upon the tenant in actual occupation of the premises affected.

(2) Service of notices under clauses (*b*) and (*c*) of sub-rule (1) shall be effected in any of the ways mentioned in section 593 of the Calcutta Municipal Act, 1899.

(3) The Controller shall specify in the notice a period which he considers sufficient in the circumstances of the case, provided that such period shall not be less than a week from the date of the service of the notice.

SUMMONING WITNESSES, ETC.

6. In the matter of summoning and enforcing the attendance of witnesses and compelling the production of documents in inquiries, the Controller or the President of the Tribunal shall, so far as may be, follow the procedure laid down in that behalf in the Code of Civil Procedure, 1908, with such modifications as the circumstances may require.

FEES, ETC., FOR SUMMONING AND ATTENDANCE OF WITNESSES.

7. (1) No fees shall be charged in respect of processes for the summoning of witnesses and other processes issued by the Controller or the President of the Tribunal of his own motion, but in respect of the summoning of witnesses and other processes issued at the instance of parties, fees at the rates prescribed by the High Court of Judicature at Fort William in Bengal under section 20 of the Court-fees Act, 1870, for the issue of processes by the Courts of Judges and Subordinate Judges within the local limits of its appellate jurisdiction, shall be levied.

(2) A party applying for a summons shall from time to time also pay such amount for the travelling and other expenses or remuneration or detention of the person summoned as the Controller or the President of the Tribunal may fix, having regard to the provisions of Order XVI of the first schedule to the Code of Civil Procedure, 1908, and the rules made in this behalf by the said High Court.

SUMMONSES.

8. Every summons shall contain the particulars specified in rule 5 of Order XVI of the first schedule to the Code of Civil Procedure, 1908.

9. A summons may be served by any person authorized by the Controller or the President of the Tribunal specially or generally in this behalf.

NOTICE OF A DEPOSIT OF RENT.

10. In giving notice of a deposit of rent under section 11, sub-section (4) of the Act, the procedure prescribed by rule 3 for delivery of a certified copy of an order made by the Controller shall, so far as applicable, be followed. The landlord may thereupon receive the rent deposited by submitting an application to the Controller.

DISTRAINT AND SALE OF MOVABLE PROPERTY.

11. (1) The President of the Tribunal shall certify the fine imposed under section 19 or 20 of the Act to the Controller, who shall thereupon issue a notice of demand.

(2) If any person liable for the payment of a fine under sub-rule (1) does not, within seven days from the service of a notice of demand, pay the sum due or show sufficient cause to the satisfaction of the Controller for the non-payment of the sum, the Controller may issue a warrant to levy such sum by distraint and sale of a sufficient portion of the movable property of the defaulter:

Provided that when the movable property distrained is shown to the satisfaction of the Controller to have been left in the premises with the defaulter for repairs or safe custody in the ordinary course of business, it shall be released;

Provided also that, if the said property or any part thereof belong to any person other than the defaulter, the defaulter shall be liable to indemnify the owner thereof for any damage he may sustain by reason of such distress, or by reason of any payment he may make to avoid such distress or any sale thereunder.

(3) The movable property of any person liable for the payment of any sum, for the levy of which a warrant has been issued as aforesaid, may be distrained wherever the same be found.

12. Any officer charged with the execution of a warrant of distress issued under rule 11 may, under the special order of the Controller to be recorded in writing, between sunrise and sunset, break open any outer or inner door or window of a building in order to make the distress, if he has reasonable ground for believing that such building contains property which is liable to seizure, and if, after notifying his authority and purpose, and duly demanding admittance, he cannot otherwise obtain admittance:

Provided that such officer shall not enter or break open the door of any apartment apportioned to females, until he has given three hours' notice of his intention and has given such females an opportunity to withdraw.

13. The officer charged with the execution of a warrant of distress issued under rule 11 shall forthwith make an inventory of the movable property which he seizes under such warrant and shall at the same time give a written notice to the person in possession thereof at the time of seizure that the said movable property will be sold unless the amount due be paid within seven days from the date of the notice.

14. If there is reason to believe that any property so seized is likely, if left in the place where it is found, to be removed by force, the officer executing the warrant may, under the special order of the Controller, take it to any place appointed by the Controller.

15. (1) If a warrant of distress issued under rule 11 is not in the meantime suspended by the Controller or discharged, the movable property seized shall, after the expiry of the period mentioned in the notice served under rule 13, be sold by order of the Controller.

(2) All sales of property under this rule shall, so far as may be practicable, be regulated by the procedure for the time being in force in the Court of Small Causes of Calcutta with respect to sale after distress.

(3) No officer or servant belonging to the Controller's establishment shall directly or indirectly purchase any property at any such sale.

16. The surplus sale proceeds, if claimed by a written application within six months from the date of the sale, shall be refunded to any person who establishes his right to the satisfaction of the Controller.

17. If the Controller is unable to recover the amount of the fine in full, he may issue a warrant for the distress and sale of any movable property belonging to the defaulter within the jurisdiction of any Magistrate in Bengal; and any Magistrate to whom a warrant is so issued shall endorse the same and cause it to be executed in the manner hereinbefore provided.

18. No distress levied under this Act shall be deemed unlawful nor shall any person making the same be deemed a trespasser on account of any defect or want of form in the notice, warrant of distress, inventory or other proceedings relating thereto, nor shall such person be deemed a trespasser on account of any irregularity committed by him: but all persons aggrieved by such irregularity may recover in any court of competent jurisdiction full satisfaction for any special damage sustained by them.

19. (1) If the Controller at any time has reason to believe that any person from whom any sum is due on account of fine imposed under section 19 or section 20 of the Act is about forthwith to remove from his residence, the Controller may direct the immediate payment by such person of the sum so due by him, and cause a bill for the same to be presented to him.

(2) If on presentation of such a bill the said person do not forthwith pay the sum due by him the amount shall be leviable by distress and sale in the manner hereinbefore prescribed, except that it shall not be necessary to serve upon the defaulter any notice of demand, and the Controller's warrant for distress and sale may be issued and executed without any delay.

20. The Controller shall cause a regular account to be kept of all distresses levied and sales made for the recovery of fines.

21. Any fine imposed by the Controller or the President of the Tribunal under the provisions of rule 12 of Order XVI of the first schedule to the Code of Civil Procedure, 1908, may be levied, and any order passed by him for the attachment or sale of property under the provisions of rule 10 or rule 12 of the said Order may be carried into effect by distraint in the manner hereinbefore prescribed.

Save as otherwise expressly provided by section 18 of the Act, no application of any kind specified in the table below shall be filed before the Controller, or shall be received by him, unless in respect of such application there be paid a fee of an amount not less than that indicated in the said table as the proper fee for such application. (*c*) being elected or sitting or voting as a member of any local authority; or

Provided that the Governor General, in the case of an election to the Council of State or the Legislative Assembly, and the Governor or the Lieutenant-Governor, in the case of an election to his Legislative Council, may exempt any such person from such disqualification.

STATEMENT OF OBJECTS AND REASONS.

The Report of the Joint Select Committee on the Government of India Act contains the following important recommendations in regard to elections:—"The Committee are themselves firmly convinced that a complete and stringent Corrupt Practices Act should be brought into operation before the first election for the Legislative Councils. There is no such Act as present in existence in India, and the Committee are convinced that it will not be less required in India than it is in other countries."

2. Rules have been framed prescribing the qualification of electors and members of the Indian Legislature and of Governors' Legislative Councils and for the final decision of doubts and disputes as to the validity of any election. These rules empower the Governor General or Governor as the case may be to appoint Commissioners to try all such disputes, and to report to the Governor General or the Governor as the case may be, the result of their inquiry. Under these rules an election must be declared void if a corrupt practice of a serious nature is found to have been committed by a candidate or any agent of his, whether with the knowledge of the candidate or not. Such corrupt practices are bribery, undue influence, personation, or abetment of personation and deliberate false statements about a candidate at an election. The rules also provide that malpractices of a less serious nature will only render an election invalid if they materially affect the result. Persons found guilty of malpractices are disqualified for varying periods from being candidates for election to the Councils or voting or acting as agents at elections. The rule-making power under the Government of India Act does not enable provision to be made except for these matters.

3. It is clear that the rules need to be supplemented by legislation if effect is to be given to the recommendations of the Joint Committee. The Government of India think it desirable that advantage should be taken of this opportunity to make election offences part of the general law of the land, not only in respect of Legislative bodies, but also in the case of elections to public bodies generally. Sporadic legislation has been undertaken in certain Provinces but the major offences, at any rate, should, it is thought, be dealt with in the Penal Code.

4. The objects of the present Bill are therefore two-fold. Firstly, it seeks to make punishable under the ordinary penal law bribery, undue influence and personation and certain other malpractices at elections not only to the legislative bodies, but also to membership of public authorities where the law prescribes a method of election; and, further, to debar persons guilty of such malpractices from holding positions of public responsibility for a specific period. Secondly, it proposes to empower the Commissioners appointed under the rules referred to above to exercise judicial powers of investigation in respect of elections to legislative bodies in India. As regards other bodies, the matter is one which, in the opinion of the Government of India, may be left to be dealt with by local legislation.

5. Accordingly Part I of the Bill inserts a new Chapter in the Indian Penal Code, and makes the necessary amendments in the Code of Criminal Procedure.

6. 'Election' is defined as including election to all classes of public bodies where such a system is prescribed by law. All persons who have to deal with the preparation of electoral rolls and the like and to conduct any part of an election are declared public servants. The effect of this provision is that Chapters IX and X of the Indian Penal Code, which deal with offences relating to or by public servants or contempt of their lawful authority, will become applicable to these persons.

7. The new offences which it is intended to insert in the Penal Code are bribery, undue influence, personation and deliberate false statements with the object of prejudicing a candidate at or in connection with elections.

8. 'Bribery' is defined primarily as the giving or acceptance of a gratification either as a motive or as a reward to any person, either to induce him to stand as, or not to stand as, or to withdraw from being, a candidate, or to vote or refrain from voting at an election. It also includes offers or agreements to give or offer and attempts to procure a gratification for any person. Gratification is already explained in section 161 of the Penal Code and is not restricted to pecuniary gratifications or to gratifications estimable in money.

Treating will be bribery if refreshment is given or accepted with the intent required by the law.

9. Undue influence at an election is defined as the voluntary interference or attempted interference with the right of any person to stand, or not to stand, or withdraw from being, a candidate, or to vote or refrain from voting. This covers all threats of injury to person or property and all illegal methods of persuasion and any interference with the liberty of the candidates or the electors. A sub-section is added to explain that the inducing or attempting to induce a person to believe that he will become the object of Divine displeasure is also interference. It is not, however, interference within the meaning of the clause to make a declaration of public policy or a promise of public action.

10. The definition of 'personation' closely follows the definition in section 24 of the Ballot Act, 1872, and covers both a person who attempts to vote in another person's name or in a fictitious name, a voter who attempts to vote twice and any person who abets, procures or attempts to procure such voting.

11. On the lines of section 1 of the Corrupt and Illegal Practices Prevention Act, 1895, false statements of fact in relation to the personal character or conduct of a candidate are penalized.

12. It is also made illegal for any one, unless authorised by a candidate to incur any expenses in connection with the promotion of the candidate's election and if by any law accounts have to be kept, failure to keep such accounts is made penal.

13. No prosecution in respect of the offences so created is to be instituted except with the sanction of the Governor General in Council, the Local Government or some other officer empowered by the Governor General in Council in this behalf.

14. Part II of the Bill deals with legislation ancillary to rules framed under the Government of India Act providing for inquiries in the case of disputed elections, and gives statutory powers to the Commissioners appointed to hold inquiries under those rules.

15. Under clause 5 the Commissioners are given the powers of a Court, under the Civil Procedure Code to enforce the attendance of witnesses and to record evidence, and provision is made in regard to other ancillary matters.

16. Clause 6 makes the Indian Evidence Act applicable to all inquiries and under clause 7 documentary evidence is not to be refused merely on the ground that a document is not duly stamped or registered.

17. Clause 8 is based on section 59 of the Corrupt and Illegal Practices Prevention Act, 1883, and while providing that no witness shall be excused from answering any question on the ground that it might incriminate him, the Commissioners may give a certificate of indemnity which will save him from criminal prosecution and prevent his answers being proved in civil proceedings.

18. The Bill further provides for appearance by pleaders, for paying expenses of witnesses, for costs and for their realisation.

19. Disqualifications on the lines of those which have recently been inserted in the Insolvency law in India by section 73 of the Provincial Insolvency Act, 1920, and by section 103-A. of the Presidency Towns Insolvency Act, 1909, as recently amended in 1920, are by clause 13 imposed on persons who have been convicted of bribery, undue influence or personation at an election, or have been disqualified by an order of any authority from being elected or from being an election agent, or voting, or from holding public office for a specified period.

In addition, however, to the disqualifications contained in the Insolvency law persons within the scope of this clause are disqualified from being appointed trustees of public trusts.

For the week ending on the 8th July 1920.

Summary.—During the week light to moderate rainfall was general throughout the province. More rain is wanted for the growth of standing crops and for the transplantation of winter paddy seedlings, especially in Western Bengal where the operation is being retarded owing to insufficient rain. Harvesting of jute and autumn paddy is proceeding in some Eastern Bengal districts. Standing crops are doing well. The average price of common rice for the province has slightly fallen as compared with that of the previous week.

DEPARTMENT OF STATISTICS, INDIA

CALCUTTA TRADE FLUCTUATIONS

THE following tables are intended to show the trade by all routes, *i.e.*, by rail, river, canal, road, and sea, of the Calcutta block* in certain selected articles during the month of April, 1920, as compared with the corresponding month of 1919 and 1918. The statistics have been compiled from returns furnished by the Collector of Customs, Calcutta, Railway Audit Offices, Steamer Companies, the Commissioners for the Port of Calcutta, the Collectors of the 24-Parganas and Howrah, and the Assistant Engineer, Calcutta Canals.

General Summary

Imports.—The imports of rice, including paddy†, into Calcutta* by rail, river, canal, road, and sea (coastwise) during the month of April, 1920, amounted to 964,000 maunds, as against 2,557,000 maunds in the corresponding period of the preceding year—a decrease of 62 per cent, being chiefly due to smaller imports of rice from Burma. There was an increase of 7 per cent in the imports of coal and coke (9,755,000 maunds as against 9,109,000 maunds last year). The value of the imports by rail, river, road, and sea (coastwise) of Indian cotton piecegoods showed an increase of 42 per cent, the total value amounting to Rs. 76,02,000 as against Rs. 53,58,000 in 1919. The quantity of indigo imported during the month of April, 1920, increased from 104 maunds last year to 2,845 maunds. The imports of raw jute amounted to 398,000 bales as against 222,000 bales,—an increase of 79 per cent. The importations of gunny bags also showed an increase to 42 million bags from 28 millions in the preceding year. The total imports of oilseeds (linseed and rape and mustard seed) increased by 38 per cent from 708,000 maunds to 979,000 maunds. The imports of tea decreased by 75 per cent from 153,000 maunds to 39,000 maunds.

Exports.—The exports of cotton piecegoods, foreign, from Calcutta* by all routes during the month of April, 1920, decreased slightly from Rs. 2,63,87,000 to Rs. 2,61,93,000. The exports of gunny bags (including the exports by sea to foreign countries) increased from 99 million bags to 122 millions but the shipments of gunny bags to other Indian ports decreased from 7 millions to 6 millions in number in the month under review. The quantity of kerosene oil despatched from Calcutta and Budge-Budge by internal routes and by sea (coastwise) increased from 369,000 maunds to 406,000 maunds, or by 10 per cent.

* The Calcutta block consists of the town of Calcutta with Howrah and Kidderpore Docks.

† One maund of paddy is equivalent to 25 seers of rice.

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR JUNE 1920.

I. Character of the Season.—During the month under report the rainfall was in excess of the normal in Jalpaiguri, Darjeeling, Rangpur, Dacca, Tippera and the State of Cooch Behar; elsewhere it was in more or less marked defect. The usual rainfall statement is appended.

II. Progress of Agricultural Operations.—Sowing of jute and autumn paddy was completed; weeding was in progress, especially in Western districts. Preparatory tillage for winter paddy and rearing of seedlings in nurseries continued; the operations were retarded in parts of Western Bengal for want of rain during the first part of the month. Harvesting of early autumn paddy and jute and transplantation of winter paddy seedlings commenced during the latter part of the month in the low-lying tracts of Eastern Bengal.

III. State of Standing Crops.—The condition of sugarcane, jute, paddy and other standing crops was fairly satisfactory.

IV. Prospects and Probable Outturn.—During the first part of the month, standing jute and other autumn crops suffered generally from lack of soil moisture, especially in the West Bengal districts, owing to inadequate rainfall, but the rain in the latter part of the month improved their prospects to some extent. The prospects of deep-water winter paddy in Eastern Bengal were generally hopeful.

V. Damage to Standing Crops.—Except for some damage caused by hail in Rangpur and Tippera in the early part of the month, no reports of any damage to crops has been received.

VI. Condition of Agricultural Stock.—Sporadic cases of cattle disease were reported from fourteen districts of the province.

VII. Failure of Pasturage and Fodder.—No scarcity of fodder was reported from any part of the province.

VIII. Prices of Foodgrains.—During the second fortnight of the month, the price of common rice of the cheapest quality rose in eleven districts, fell in six and remained stationary in the rest of the province. It varied from 4 seers 8 chittacks per rupee at Darjeeling and Faridpur to 5 seers 13 chittacks a rupee at Dinajpur.

IX. Condition of Agricultural People.—The condition of the agricultural population was fair.

Director of Agriculture, Bengal.

IMPROVEMENTS.

Among the improvements carried out during the year, the following may be mentioned :—

(1) Accommodation for the young Hippopotamus :—It was found necessary to provide separate accommodation for the young Hippopotamus born last year. The Abdul Gani House was, therefore, remodelled to suit the requirements of the animal, a water-tight tank being constructed with unfiltered water connection.

(2) Construction of a Gate for the New Extension :—With a view to relieve the congestion at the main entrance on occasions when large crowds are attracted to the Zoo a gate was opened on to the Sterndale Road.

ANNUAL REPAIRS.

The annual repairs to the buildings of the Garden were limited to those buildings which needed repairs very badly. Extensive repairs could not be taken in hand on account of the high prices of building materials, paints, and the increased cost of labour.

STAFF AND ESTABLISHMENT.

There was no change in the superior staff during the year The *personnel* consists of—

SUPERIOR STAFF.

VISITORS.

There was an increase in the attendance of paying visitors during the year, the turnstile records indicating a total of 715,039 visitors, and showing an increase of 79,542 over the figures for 1918-19.

Corresponding with the increase in the number of visitors, the gate receipts increased by Rs. 6,034-2. The following is a comparative statement of visitors and gate receipts for the last three years :—

Year.	Visitors.	Receipts. Rs.	A.	Year.	Visitors.	Receipts. Rs.	A.
1917-18	... 583,343	44,564	0	1919-20	... 715,039	54,524	2
1918-19	... 635,497	48,490	0				

A large number of children under four years of age, and school children in charge of their teachers were admitted free. On the days of the Fancy Fair when no individual charge is levied, it is estimated that about 15,500 visitors entered the Garden. In addition 35,674 persons visited the Garden on free days, of which a list with the number of visitors on each will be found in Appendix C.

Special arrangements were made for the admission without payment of soldiers on leave and convalescents.

FINANCE.

The financial condition of the Garden is on the whole satisfactory, in spite of the high cost of food-grains, and of building. This is due to the rigid economy, which has been practised during the past few years, but a comprehensive programme of improvements and repairs will soon have to be undertaken, on which the available balance will be expended.

The amounts of income and expenditure are summarised in Appendix A.

GARDEN.

Considerable attention has been paid to the lawns, flower-beds, shrubs and trees, and the Gardens generally have been maintained in good order. The appearance of the grounds has improved. For some very excellent exhibits at the Centenary Flower Show, held on 20th and 21st February 1920, the Agri-Horticultural Society of India awarded 16 prizes, of which 13 were first prizes.

CONCLUSION.

The Committe desires to express its thanks to the Corporation of Calcutta for their continued generosity in remitting the consolidated rates in respect of the Gardens.

The thanks of the Committee are also due to those ladies and gentlemen who have added to the Zoological collection by donations, a list of which is given in Appendix D. Thanks are also due to those who kindly offered to present animals to the Garden, but whose offers could not be accepted either because the particular species of animals was already sufficiently well-represented, or owing to want of accommodation.

The Committee also desires to express its thanks to the Railway and Steamer Companies for the conveyance of animals belonging to the Gardens free of charge.

W. K. DODS.
Honorary Secretary.

C. J. STEVENSON-MOORE,
President.

SUPERINTENDENT'S REPORT.

I have the honour to submit the following report on the existing condition and the progress of the Zoological collection.

The following comparative table shows how the various collection of specimens in the Garden has stood during the last four years:—

YEAR.	Mammals.	Birds.	Reptiles.	YEAR.	Mammals.	Birds.	Reptiles.
1916-17 ...	318	1,975	263	1918-19 ...	299	1 944	171
1917-18 ...	316	2,029	199	1919-20 ...	294	1,919	183

ACQUISITIONS.

The most important purchase during the year was a female Giraffe. Other purchases for the year included—

1 Baby Elephant.
1 Pair Fallow deer.
1 Hunting leopard.
1 Pink-headed duck.
1 Tiger cub.
1 Golden cat.
4 Cat bears.
1 Urial.
3 Blood pheasants.

Among the important gifts deserving special mention are a pair of Kashmir deer presented by H. H. the Maharaja of Kashmir, and two tiger cubs presented by L. E. Colden-Ramsay, Esq., I.C.S., C.I.E.

The following animals were received in exchange from the Zoological Society of Scotland:—

1 Common English Fox.
4 Ferrets
2 Bernicle geese.
8 Mute swans.

GENERAL CONDITION OF THE ANIMALS.

The general condition of the larger mammals was very satisfactory, and important animals were kept in a perfect state of health. There were a number of cases of mange and distemper amongst the foxes and of general debility brought on by mange amongst the anthropoid apes. Prompt isolation of the cases and proper disinfection of the cages checked the spread of the diseases. Some old and decrepit specimens which had been exhibited in the Gardens for a long time were mercifully destroyed, as not fit for exhibition.

The general health of the birds was good, and there were no epidemics amongst them.

* Revised.

The Departmental Preliminary Forecasts for each of the three Provinces are appended.

G. EVANS,
Director of Agriculture, Bengal.

CALCUTTA,
The 14th July 1920.

DEPARTMENT OF AGRICULTURE, BENGAL.

Preliminary Forecast of the Jute Crop in Bengal, 1920.

(NOTE.—On an average of five years ending 1918-19, the area under jute to which this forecast relates represents 88·2 per cent. of the total area under jute in British India.)

THIS forecast deals with the estimates of area sown and the present condition of the crop, based on information received through the agency of the panchayats, as in previous years.

Area Sown.—The district returns show a total area sown of 2,198,704 acres, a decrease of 299,441 acres, or about 11·9 per cent., as compared with the final figures of last year. The reduction is attributed to—

(1) Sudden drop in the jute market during the latter part of last year.

(2) High price of food-stuffs inducing cultivators to grow more paddy in place of jute.

(3) Unfavourable weather conditions at the time of sowing.

Character of the season.—The month of January was practically rainless. The preparatory tillage in Eastern and Northern Bengal, however, commenced in time owing to good rainfall in February, which also enabled the sowings to be commenced in the eastern districts during the course of that month. In the early part of March excessive rain caused the sowings in these tracts to be suspended at times. The rainfall in both April and May was considerably deficient, with the result that the sowings in the western districts, though commencing at the usual time, finished as late as the end of June. The drought also caused the plants in the eastern districts to flower prematurely, thereby stunting their growth. In the northern districts, however, the soil-moisture and general conditions were more favourable, and hence these districts show an increase over last year's figures. The rainfall in June, though below the normal, considerably improved the prospects of the late sown crop; the *deshi* districts being benefited in particular.

Present state of the crop.—Owing to the excessive rainfall at the beginning of the season followed by the drought later on, the crop this year does not promise to be so good as last year.

Stocks in hand.—Some of the more important districts report that a certain amount of old jute remains in stock. In the others there was little carry over.

Director of Agriculture, Bengal.

APPENDIX I.

Preliminary Jute Forecast of 1920.

DISTRICT.	ESTIMATED AREA UNDER JUTE—		Whether much, little or no jute remains in the district from the crop of 1919.	Date by which the sowing of the crop generally commenced this year, and whether the date was early, normal or late.	REMARKS BY DISTRICT OFFICERS.
	Last year. (Final figures.)	This year.			
1	2	3	4	5	6
	Acres.	Acres.			
24-Parganas	63,809	47,778	Very little	May; normal ...	Want of rain mainly accounts for the decrease in area which is also due to rise in the price of rice and sugarcane, the cultivators preferring to grow these crops in place of jute. The growth was retarded on account of unfavourable weather at the beginning. The present condition of the crop is fair.
Nádia	67,105	58,471	Much in Kushtia and Ranaghat subdivisions. Little elsewhere.	May; late	Decrease in area sown as compared with last year is due to want of rainfall at sowing time and also to low price of jute and high price of rice. The weather has been unfavourable at the beginning but it is favourable now. The present condition of the crop is fairly good.
Murshidabad	20,826	12,697	Some in the Jangipur subdivision.	May to June; late ...	The decrease is due to want of rain at the sowing season and also the low price of jute last year. The present condition of the crop is fair owing to the recent rainfall.
Jessore	84,637	50,171	Some	End of April and May; generally late.	Decrease is due to unfavourable market and want of timely rain. The weather was unfavourable at the sowing time but has turned favourable now.
Khulna	21,668	10,417	Little	April; normal ...	The decrease in the area sown is due to fall in the price of jute. The high price of paddy also induced the cultivators to grow paddy in most of the jute fields. Want of rain at the time of cultivation and sowing is also responsible for the decrease to some extent. The recent rainfall has done much good to the crop.
Burdwan	6,630	5,058	Do.	End of March to middle of May; normal.	The decrease in area is partly due to unfavourable weather conditions and partly to the falling off in the price of jute and the difficulty experienced by ryots entrusted with in disposing of last year's stock. The present condition of the crop is fair.
Midnapore	11,248	7,621	None	May to June; late ...	The decrease in area sown is due to drought at sowing time. The crop is poor on high lands; on low lands also the plants suffered from drought. Damage was done to the crop for want of rain.
Hooghly	30,862	22,760	Some	Sowing generally commenced in April; early. Could not be completed before June (which was late).	The decrease in area as compared with that of last year is due to :— (i) Dullness of jute market and low prices obtained last year. (ii) High prices of rice inducing the cultivators to grow more aus and paddy in place of jute. (iii) Want of adequate rainfall at sowing time. There was no rainfall after sowing in April. This damaged the young plants and a second sowing was necessary in some places. Since the middle of May the weather has turned more favourable. The present condition of the crop is fairly good.
Howrah	9,820	9,636	Little	First sowing commenced at the beginning of April. General sowing commenced about the second week of June; late.	The decrease in area is due to unfavourable weather at sowing time. The crop is also of stunted growth on account of drought. The recent rain has somewhat improved the situation.
Rajshahi	73,597	75,763	Do.	On the low lands in March; early. On the high lands in middle of April; normal.	Increase is due to the favourable weather conditions at the sowing time and expectation of a good jute market this year. The weather was not favourable at the time of growth for want of sufficient rain. Some damage is reported to have been done in the Nawgaon subdivision by drought and hailstorm. The recent rain has, however, improved the condition of the crop a good deal.
Dinajpur	60,978	68,645	Do.	May; late	The increase is due to favourable weather conditions during the sowing season and expectation of a good price. The character of weather at sowing time and up till now has been favourable and the present condition of the crop is good.
Jalpaiguri	49,903	57,901	Much	Middle of April; normal.	The increase is due to an expectation of a better price of jute this year, to extension of area and favourable weather conditions. The present condition of the crop is good.
Darjeeling	2,215	2,803	Little	Middle of March; early.	Increase in area is due to timely rain. The weather has been favourable up till now and the present condition of the crop is good.

District.	Estimated area under jute.		Whether much, little or no jute remains in the district from the crop of 1919.	Date by which the sowing of the crop generally commenced this year, and whether the date was early, normal or late.	Remarks by District Officers.
	Last year. (Final figures.)	This year.			
1	2	3	4	5	6
	Acres.	Acres.			
Rangpur	207,664	247,502	Much	March ; normal.	The increase in area is due to favourable weather conditions at the time of sowing and expectation of a better price of jute this year. The weather was favourable at first but less favourable later. Recently there has been good rain all over the district and a good outturn is practically assured in spite of local damage.
Bogra	69,945	97,490	Little	March ; normal.	Increase in area is due to high price early last year. The weather was favourable at sowing time ; later on the growth of the plants was retarded for want of rains. Weather has again turned favourable now. Some damage has been done to the crop in certain parts of the district. The present condition of the crop is fair. The early sown crop has, however, become stunted in growth.
Pabna	103,010	92,682	Considerable	Commenced early but continued till the middle of June.	The decrease in area this year is due to :— (1) Low price of jute last year. (2) High price of paddy. (3) Continued drought in April and May. The weather was not favourable at sowing time; later on it took a favourable turn. Growth of the crop is much below the normal. There has also been slight damage by insects.
Malda	26,600	17,000	Little	Low land sowings in April ; normal. High land sowing in June ; late.	The decrease in area is due to continued drought at sowing time, fall in the price of jute and rise in the price of food-stuffs. The early sown crop was damaged by drought. The recent rain has improved prospects to a certain extent.
Dacca	283,517	244,210	Some	Middle of February ; early.	The decrease in area is due to (1) fall of jute market, (2) high price of foodstuffs and (3) drought. The weather has not been favourable owing to the excessive rain followed by long drought. The present condition of the crop is not good.
Mymensingh	628,944	538,351	Some	End of March ; early	The decrease of area is due to the facts that :— (i) Some quantity of last year's jute was left in the hands of the cultivators owing to the sudden fall in the price. (ii) The abnormal rise in the price of rice has induced the cultivators to go in for paddy. The weather was favourable during sowing time. Long drought since then caused premature flowering of the plants and thus adversely affected their growth. The crop was slightly damaged by hailstorms in places.
Faridpur	238,400	219,100	Little	Beginning of March ; early.	The decrease in area is due to high price of rice and low price of jute in the latter part of the year. The weather was seasonable at sowing time. Drought in April and May, however, caused untimely flowering and affected the growth of the crop. The present condition is fair.
Bakarganj	38,638	37,628	Much	Middle of March to middle of April ; early.	The decrease in area is due to low price of jute and high price of rice obtained last year. This is also due to a large carry-over of last year's jute. Prolonged drought retarded the growth of the crop and caused the plants in some places to flower prematurely. The present weather conditions are favourable.
Chittagong	200	200	Nil ...	May ; late	The present condition of the crop is fair.

The decrease in area is due to relatively high price of paddy as compared with that of jute. There has been too much rain when the crop was sown. Since then weather has improved but the jute stalks are shorter than usual. The present condition of the crop is fair to average.
Noakhali	54,500	39,661	Much	Early in March ; normal.	Decrease in area is due to the low price of jute last year. The weather has not been favourable owing to heavy rains at sowing time and long continued drought afterwards. Damage to the extent of about 2 annas is reported. The present condition of the crop is fair.

DEPARTMENT OF AGRICULTURE, BIHAR AND ORISSA.

Preliminary Forecast of the Jute Crop of Bihar and Orissa, 1920.

(NOTE.—On an average of the five years ending 1918-19 the area under jute to which the Bihar and Orissa forecast relates represents about 8·3 per cent. of the total area under jute in British India.)

The present forecast deals only with the estimated area sown. It gives also a general survey of prospects, but makes no reference to the probable outturn either in percentage figures or in bales.

2. Acreage.—The estimated area sown during the current and four preceding years in round numbers is given below:—

Year.	Acreage.
1916	224,000
1917	223,300
1918	149,300
1919	203,400
1920	177,800

3. Weather conditions.—In March the rainfall was above the normal in all jute districts. But in April to June it was below the normal everywhere. The short rainfall in the early part of the season checked sowings, especially in Champaran and the Santal Parganas. Rainfall was also insufficient for the growing crop in most districts. Earlier showers materially improved the condition of the crop in Purnea.

4. District returns.—The total area under jute, as reported by the District Officers, is estimated in round numbers at 177,800 acres, as compared with 202,800 acres shown in the corresponding forecast of last year and 203,400 acres reported in the final forecast of last year. The decrease in area sown this year was mainly in Purnea, where it is attributed to the rise in the price of paddy and fall in the price of jute. Short rainfall at the time of sowing is responsible for the decrease in Champaran and the Santal Parganas. Sowings were still going on in parts of Muzaffarpur, Bhagalpur and Balasore at the time of report.

5. Condition and prospects.—The condition of the crop is, on the whole, fair.

6. General.—The quantity of jute which remains from the crop of 1919 is small.

The statement below compares the area under jute in this province this year with the preliminary and final figures of last year:—

Absence of rain has checked sowings. The weather and rainfall were not favourable in the Bettiah subdivision too. Crops are suffering for want of moisture in the Sadar subdivision. The present condition of the crop is not good in the Bettiah subdivision as well. The crop is expected to be poorer than last year. There has been a decrease in the area sown. Sowings have been completed. The date of sowing was normal in the Sadar subdivision and somewhat late in the Bettiah subdivision.

	Purnea ...	3,126,153	1,694,400	214,500	175,000	152,582	Little	March ...	Owing to the rise in the price of paddy and fall in the price of jute, the area cultivated with jute this year is less than the area sown last year. Jute cultivation is no longer profitable. Want of rain at the time of cultivation injuriously affected the area cultivated. The recent showers have materially improved the condition and prospects of the crop. There is some stock of jute in the district. The condition of the crop is fair.
	Santal Parganas.	3,490,400	1,717,000	3,100	1,700	500	Little remaining Pakaur but much in Rajmahal.	First week of June.	The weather and rainfall were not favourable for the growth of the crop. The condition of the crop is fair in Rajmahal but poor in Pakaur. Sowings were late but have been completed. The crop is expected to be worse by comparison with the crop of the last year. All the land intended for growing jute had been prepared for sowing but could not be sown for want of rain; hence the decrease in area.
Orissa ...	Cuttack ...	2,340,307	1,223,500	17,300	18,500	18,000	Very little ...	Last week of April.	The weather and rainfall have not been favourable for the growth of the crop. The condition of the crop is fair. Sowings have been completed. The date of sowing was normal.

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, ASSAM.

Preliminary Forecast of Jute Crop in Assam, 1920.

(NOTE.—On an average of the five years ending 1918-19 the area under jute in Assam represents some 3·5 per cent. of the total area under jute in British India.)

1. Character of the season.—The rainfall in February was above the average, except in the lower Assam Valley where it was nearly normal. It was excessive everywhere in March, when it was more than double the average in the principal jute-growing districts. In April the rain was scanty in the Surma Valley and about normal in the Assam Valley, but in May it was in defect almost in all districts. The excessive rain at sowing time tended to diminish the area that would have been put under jute, particularly in Sylhet, Goalpara and Kamrup. Though the weather has changed for the better, the general condition of the crop has not improved and is everywhere reported to be worse than in last year.

2. Area sown.—According to the estimates of the Deputy Commissioners the area sown this year has decreased in every district, except Nowgong, where there is a slight increase owing to immigration from Mymensingh. The total area under the crop is estimated at 125,100 acres, which is 12,200 acres less than the actual area of last year. Unfavourable market results then as well as the unfavourable weather are responsible for the decrease.

3. Stock.—According to the report of the Deputy Commissioners there is much jute in stock from last year in Sylhet, Goalpara and Nowgong.

Preliminary Forecast of the Jute Crop of Assam for 1920.

District.	Normal area under jute.	Area under jute.		Difference between the figure now estimated for 1920 and the final of 1919.		Whether much, little or no jute remains in the district from the crop of 1919.	Date by which the sowing of the crop generally commenced this year and whether that date was early, normal or late.	Remarks by Deputy Commissioners.
		Final of 1919.	Now estimated for 1920.	Increase.	Decrease.			
1	2	3	4	5	6	7	8	9
	Acres.	Acres.	Acres.	Acres.	Acres.			
Cachar ...	300	400	300	.....	200	None	April: normal ...	The decrease in area as compared with the final figure of last year is due to (1) excessive rain in the latter part of of March and first part of April (2) fall in the price of jute and (3) the greater necessity for growing the autumn rice crop. The weather has been unfavourable up till now and the outturn is likely to be worse than last year.
Sylhet ...	16,000	28,100	20,200	.....	5,900	Much	Beginning of April: late.	The excessive rainfall at sowing time, the low price of jute last year and the large quantities of jute remaining unsold account for the decrease of area from last year. The rain during the period has been sometimes heavy and sometimes scanty and has caused slight damage to the crop. On the whole the weather is not favourable and the outturn is likely to be worse than last year.
Goalpara ...	42,400	60,000*	55,200	.....	4,800	Much	March: normal ...	The wheather was not favourable at sowing time which is the cause of the decrease in area, nor has it been favourable up till now. Insects and hail-storms did some damage. The present condition of the crop is not good and is worse than last year.
Kamrup ...	8,100	17,000*	15,900	.....	1,100	Little	15th March: early.	The decrease in area as compared with last year's actual is due to excessive rainfall at the time of sowing. The weather has been unfavourable and some damage has been done to the crop by insects. The present condition of the crop is not good and the prospects are worse than in the previous year.
Darrang ...	7,600	10,100*	9,800	.....	300	Some	Middle part of April: normal.	The weather on the whole has not been favourable and the outturn is not better than last year.
Nowgong ...	5,700	18,800*	19,100	300	.....	Much	1st April: normal	The increase in area from the actual of last year is due to extention of cultivation chiefly by the Mymensingia settlers and to some extent by local people, and also due to the favourable weather at sowing time. The weather in April and May was less favourable owing to insufficient rain and the early growth of the crop was retarded to some extent, but the recent rain has done much good. The outturn is therefore expected to be normal or the same as last year.
Sibsagar ...	500	500*	400	.....	100	Little	Middle of March: normal.	The weather has been unfavourable from time of sowing up till now and hence the fall in area from the actual of last year: the outturn also will be a little less than last year.
Lakhimpur ...	200	200*	200	.....	.....	None	1st April: normal	The weather was rainy at the time of sowing and has been indifferent up till now. The present condition of the crop is fair.
Garo Hills ...	4,100	4,300	4,100	.....	100	None	15th April: late	The want of timely rainfall at sowing time is the cause of the decrease in area. The weather has not been favourable to the crop and the present condition is not good. The outturn is likely to be worse than last year.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 22nd July 1920.

No. A.-31.

Simla, the 15th July 1920.

RESOLUTION.

The Government of India have had under consideration the question of the revision of the emoluments of the employees in the Printing Presses under their control.

2. Early in 1918, petitions were received from employees of the various Government of India Presses asking for urgent relief in view of the rise in the cost of living, and the following allowances were sanctioned with effect from the 1st April 1918:—

Revised conditions adopted in 1918.

GOVERNMENT PRESSES, SIMLA.

(*a*) *Superior servants*—

(*i*) On Rs. 70 or less—5 per cent. on salary from April to October 1918, and 10 per cent. from November 1918, *plus* a bonus of 10 per cent. on salary from April 1918.

(*ii*) Over Rs. 12 up to Rs. 20—Rs. 1-8, *plus* a bonus of 10 per cent. on salary.

(*iii*) Over Rs. 20—Rs. 2, *plus* a bonus of 10 per cent. on salary.

3. In 1919 further petitions were received from the employees of all the Government of India Presses in which they stated that the temporary relief granted in 1918 was not adequate, and prayed for a permanent revision of pay, including the revision of the piece rates now in force. The petitioners also asked that, if it was not possible to sanction a permanent revision of their pay and prospects immediately, they should be granted further temporary substantial relief from the 1st January 1919.

Further revision requested in 1919.

4. After careful consideration, it was recognised that it might be necessary to have a consolidated revision of the pay and the piece rates in the Government of India Presses, but it was not found possible to effect such revision immediately, since this involved a laborious examination of the present earnings and a calculation of the probable expenditure. While inquiries on these points were instituted, it was decided to grant some further temporary relief to the men.

Concessions granted in 1919.

The following allowances were accordingly sanctioned with effect from the 1st October 1919, in lieu of those previously sanctioned:—

(*a*) *Superior servants*—

(*i*) On pay up to Rs. 70—25 per cent. of salary in Calcutta and Delhi, subject to a minimum salary of Rs. 25 per mensem. in the case of clerks and 35 per cent. in Simla.

(*ii*) On pay from Rs. 71 to Rs. 150—20 per cent. of salary in Calcutta and Delhi and 30 per cent in Simla.

(*iii*) On pay from Rs. 151 to Rs. 300—15 per cent. of salary in Calcutta and Delhi and 25 per cent. in Simla.

(*iv*) On pay from Rs. 301 to Rs. 600—10 per cent. of salary in Calcutta and Delhi, and 20 per cent. in Simla.

(*b*) *Inferior servants*—

(*i*) *Calcutta and Delhi*—

Rs. 4 a month to all men drawing up to Rs. 20, subject to a minimum salary of Rs. 12.

(*ii*) *Simla*—

Rs. 4 per mensem to all men subject to a minimum salary of Rs. 12, *plus* a bonus of 10 per cent. on substantive pay.

Summary of recent petitions

5. Further petitions have since been submitted by the Press employees asking for various concessions. In the latest of these petitions it is asked that the piece system be totally abolished, and that men who at present work on piece rates may be employed on wages on a time-scale. The memorialists also put forward the following among other requests:—

(*i*) that overtime work be reduced as far as possible;

(*ii*) that piece workers be granted leave according to the Civil Service Regulations;

(*iii*) that they be granted good service pensions on 20 years' qualifying service and invalid pensions on 15 years of such service;

(*iv*) that all temporary service, whether continuous or interrupted, be allowed to count towards pension;

(*v*) that in cases of premature death from accident or illness, gratuities or family pensions be granted to their families;

(*vi*) that fines be no longer imposed for absence or bad work. The men in the Simla Presses have also represented that, in view of the high rents prevailing in Simla, they should either be provided with quarters or be granted house allowance.

6. These representations have received the most careful and earnest attention of the Government of India.

Revision of hours of work

7. The Government of India find on enquiry that the hours of work in the Presses are at present undeniably long, and they have decided that in future the normal day for all industrial workers in the Presses who draw overtime allowances should be 8½ hours on 5 days of the week (7 A.M. to 5 P.M. or such other hours as may suit local conditions, including 1½ hours complete rest for meals, etc.), and 5½ hours on Saturday (7 A.M. to 1-30 P.M. or such other hours as may suit local conditions with 1 hour's rest), thus making a total of 48 ordinary working hours in the week. The men will also be allowed to work to a maximum of 12 extra hours during any week. For each overtime hour thus worked the men will receive an additional payment of 25 per cent. of their class rates per hour Thus, allowing for 25 working days during the month, no man will be required to work for more than 250 hours in a month (including overtime) except in cases of real emergency. But to ensure that occasions of this nature are as few as possible, and to give an adequate reward for work performed under such conditions the additional payment made for each hour worked in excess of 10 hours on any day will be 50 per cent. of the class rate per hour. The above decision will not affect the clerical and the computing staffs of the Presses who will continue to be on the same footing as regards hours of work as clerical establishments in other offices.

PIECE WORKERS.

Necessity of retaining the piece work system.

8. The Government of India also find that the present average earnings of piece workers in their Presses compare favourably with those that are earned in other establishments. Piece workers who attend regularly and work reasonably long hours earn good wages; as they improve their skill, they can obtain progressively higher rates. Those who are less regular in attendance or are less skilled naturally earn less; but it is clear that assiduity and a desire to improve their skill offer to all an ample prospect of advancement. These facts very greatly reduce the force of the main argument used in most of the recent petitions, that the present piece rates are entirely out of date and inadequate. The main objection, however, to the present system is as indicated above, that piece workers in many cases work very long hours, often exceeding the limit of the 60-hour week which the Government of India consider suitable for industrial establishments in this country. The Government of India also realise the necessity of ensuring a regular flow of work so as to afford an equal distribution of opportunity to all workers. The conclusion reached by the Government of India is, briefly, that workers should be enabled to earn a wage compatible with a decent standard of comfort under modern conditions, without the necessity of working for unduly long hours; but this object can be easily gained without the abolition of piece work. To reduce the industrious and the intelligent to the same level with the casual or inexperienced worker would be a retrograde step, and would not be in the best interests of the men themselves; it would clearly be impossible to reward special merit without constant interference in a way that might give an opening to favouritism and injustice. The Government of India are therefore of opinion that the piece work system should continue, but they have decided to make the following modifications in the terms of employment of the piece workers in their Presses.

Increase of piece work rates.

9. The present scale of rates of payment for piece work will be raised by 40 per cent. for Calcutta and Delhi, and by 50 per cent. for Simla; at the same time, the special temporary allowances at present in force will be abolished. As far as can be judged from the very detailed figures that the Government of India have obtained of the earnings of the men of different classes in the Calcutta, Delhi and Simla Presses during the year 1919-20, the piece workers will be able, under the increased rates now sanctioned, to earn more than their present total income in a shorter working day and under considerably more favourable conditions.

Payment for lost time.

10. Piece workers have represented that a real hardship has been caused by the fact that they receive no payment for any time during which they remain idle in the Press for lack of work. To remove this grievance, it has been decided that in future they will be paid according to their class rates, if during normal working hours they have to remain idle for this cause.

Leave rules for piece workers.

11. The Government of India are not, however, prepared to accept the proposal that piece workers should have the same provisions for leave as salaried hands. They think that the piece workers should continue to be treated in this matter in the same way as the establishments of other industrial concerns, and that they should only be paid for days on which they attend for work. Superintendents of Presses are, however, authorised to waive, at their discretion, penalties for casual absences which are not covered by leave granted in advance or by medical certificate.

Under an arrangement of long standing, 8 days' casual leave with pay is granted to Simla piece workers (the majority of whom are residents of the plains), during the winter months when work is less pressing locally. In future, the Simla men will be allowed to combine with this leave, leave

without pay, and such combined leave will not be considered a break in service.

SALARIED HANDS.

Revision of salaries.

12. As regards salaried hands, the men at present draw their original basic pay *plus* the war allowance. In addition, they get overtime allowances (except in the case of clerks and computers, who are not eligible for overtime). In view of the extention of the standard hours of work, and in order to secure an adequate living wage under altered conditions to all classes of workers in their Presses, the Government of India have decided to increase the pay at present drawn by the salaried employees of their Presses. In fixing the revised scale for salaried hands at present entitled to overtime, the present basic pay has first of all been raised by one-third, and to this sum the present war allowances have been added. The amount so obtained has been further raised to a figure which would, in the opinion of the Government of India, provide for the necessary degree of improvement in the present earnings of the men.

Introduction of time-scale.

13. The Government of India understand, moreover, that much of the grievances of the subordinate employees is due to the fact that at present a certain amount of favouritism and petty oppression is possible in the promotion of the salaried hands from one grade to another, there being at present a very large number of grades in each class of the establishment, and in almost all the representations recently received, it has been suggested that a time-scale of pay should be introduced. The Government of India have, therefore, decided to introduce time-scales of pay wherever possible.

Readers, Revisers and Copyholders.

14. The scales sanctioned for Readers, Revisers and Copyholders are as follows:—

Calcutta and Delhi	Simla.
Scale	Scale
Rs. 200—10—250	.....
Rs. 160—10—200	Rs. 180—10—220
Rs. 110—8—150	Rs. 125—8—165
Rs. 60—4—110	Rs. 70—4—110
Rs. 30—2—50	Rs. 40—2—60

with certain special appointments above these grades.

The Head Reader and some of the senior readers in each of the Presses will not be paid any overtime allowance except the special overtime after 10 hours' work on any day. The pay of these appointments has, therefore, been fixed at special rates not shown here on an estimate of the present earnings of the men on a 10 hour basis. The other readers will draw overtime after normal hours now prescribed at the rates laid down in paragraph 7 above.

Foremen, Section-holders and Assistant Section-holders.

15. The following are the scales sanctioned for Foremen, Section-holders and Assistant Section-holders:—

Calcutta and Delhi.		Simla.	
	Scale.		Scale.
Foremen ...	Rs. 200—10—300	Foremen ...	Rs. .....
Assistant Foremen (Section-holders) ...	„ 100—5—150	Assistant Foremen (Section-holders) ...	„ 125—10—175
Assistant Section-holders ..	„ 40—1—80	Assistant Section-holders ...	„ 55—3—85

The scales sanctioned for Foremen and Section-holders are on a 10-hour basis, as these men will not in future be allowed to draw overtime excepting special overtime after 10 hours' work on any day. Assistant Section-holders will draw overtime after normal hours at the revised rates.

Clerical and computing staff

16. With the exception of a few posts for men holding charge of the different sections of the offices which have been treated as special appointments at special rates of pay, the clerical and computing staff has been classified in three different grades given below:—

	Calcutta and Delhi.			Simla.		
		Scale	Average		Scale	Average
Upper	...	Rs. 140—10—200	166⅔	Upper ...	Rs. 120—8—200	173⅓
Lower "A"	...	„ 44—3—110	75	Lower "A" ...	„ 50—3—125	81⅓
Lower "B"	...	„ 30—2—80	55	Lower "B" ...	„ 35—2—90	60

As explained above, the clerical and computing staff will, as at present, be on the same footing regarding hours of work as clerical establishments in other offices, and will not get any overtime allowances.

Transfer from grade to time-scale

17. In order to give the men who will thus be placed on a time-scale some immediate increase on their present earnings, it has been decided that the ordinary rule (Art 157 of the C.S.R.) should be waived, and that the present incumbents who will be transferred from graded to time-scales of pay, should be allowed to start on the time-scale at a stage which will give men drawing Rs. 70 and below an increase of 10 per cent. and men drawing from Rs. 71 to Rs. 300 an increase of 5 per cent. on their present actual earnings, including war and overtime allowances.*

In the case of men drawing higher salaries, except where there is any special reason for granting any increments in advance, Art. 157 of the C.S.R. will apply.

Exceptions to application of time scale.

18 It has not been found possible to extend the system of time-scale of pay generally for other classes of Press employees, as owing to the great variety of work performed by them, it would be necessary to adopt an inconveniently large number of scales, with efficiency bar at different stages, and the result would practically be the same as the present graded system. In the majority of cases, therefore, men, other than those belonging to the Clerical, Reading, and Composing Branches, will continue on fixed salaries, but under the revised rates sanctioned for them, they will in most cases gain about 10 per cent. over and above their present earnings *plus* their temporary allowances; in the few cases in which the men will not derive any immediate benefit, the Government of India will be prepared to consider sympathetically applications for personal allowances which are supported by the Controller of Printing.

* [*N.B.*—For the purpose of this comparison, overtime will be calculated on the understanding that the men used to work for eight or ten hours a day, as the case may be.]

GRANT OF CASUAL LEAVE.

19. Salaried hands who earn overtime, will in future, be eligible for casual leave.

PENSIONS AND PROVIDENT FUNDS.

Admissability to pension.

20. Under existing rules, the services of piece workers on the temporary establishment does not count for pension in the case of men who are admitted eventually to the permanent establishment. This rule will be maintained, but the Government of India will be prepared to consider recommendations for pensions on behalf of men who have rendered 25 years' continuous and approved service, whether such service is classified as permanent or temporary.

With a view to remove one of the principal grievances of men on the temporary salaried establishment, the Government of India have also decided to transfer a large proportion of such men from the temporary to the permanent establishment. These privileges will apply only to men at present in the service.

Institution of a Provident Fund.

21. A Provident Fund on the general lines of the Provident Funds of State Railways will be established for all regular employees of the Government of India Presses. The rules regarding this Provident Fund will be announced later. No persons entering the service in future will be eligible for pensions; and, with the exception of the day-extra men, all men who join the Government of India Presses will be required to join this Fund.

MISCELLANEOUS CONCESSIONS.

Special rates for Simla.

22. The Government of India are unable to accept the proposal that house rent allowance should be granted to the men employed in the Simla Presses. But as house rents are high in Simla and the cost of living is somewhat greater than in the plains, they have fixed the revised rates for piece workers as well as salaried hands at a higher level for Simla than those sanctioned for Calcutta and Delhi.

Date from which sanction will take effect.

23. The revised terms now sanctioned for piece workers and salaried hands in the Government of India Presses will take effect from the date of the issue of these orders.

Works Committee.

24. The Government of India have had under their consideration the question of introducing a system of Works Committees composed of representatives of different classes of workers and of the supervising staff in Government Factories on the lines of those developed in England and they have decided that a beginning in this direction should be made with the Government Presses. Committees of this sort will enable the various grades of the supervising staff to realise more fully the conditions under which the workers labour; they will enable the workers to appreciate the problems connected with the distribution of complementary tasks; they will enable all classes to understand the value of co-operation with a view of removing inequalities of hours and conditions of work, and generally should develop the form of pubic spirit which enables all classes to realise the importance of each individual's work in the general result.

25. To sum up, whilst the temporary allowance will be absorbed, under the new arrangements, the following permanent improvements in service conditions will be secured to the different classes of employees in the Government of India Presses:—

I.—CLERKS AND COMPUTORS.

Time-scales of pay will be introduced which will give them an immediate increase on their present earnings, and will insure very considerably improved prospects for the remainder of their service.

II.—INDUSTRIAL HANDS.

(1) There will be a substantial shortening of the actual hours of labour. In future the hours will be restricted to 60 a week, except in cases of emergency. At present the average hours of work are considerably in excess of this limit.

(2) A large number of men who are now employed on a temporary basis will become eligible for pension privileges, and will be allowed to count their past continuous temporary service

(3) For all future employees of the Government of India Presses a Provident Fund will be instituted on the lines of the State Railways Provident Funds.

(4) Piece workers among industrial hands will have the following additional benefits:—

(*a*) Piece rates will be raised by 40 per cent. for Calcutta and Delhi and by 50 per cent. for Simla.

(*b*) For overtime in excess of 8 hours, the hour class rates will be further enhanced by 25 per cent., *i.e.*, they will be 175 per cent. of the present rates in Calcutta and Delhi and 187½ per cent. of present rates in Simla.

(*c*) For overtime in excess of 10 hours, the hour class rates will be 50 per cent. above the new rates, *i.e.*, they will be 210 per cent. of the present rates in Calcutta and Delhi and 225 per cent. of the present rates in Simla.

(*d*) Payment will be made for hours during which a piece worker may be unoccupied on account of lack of work.

The average earnings of piece-work compositors in the Government of India Presses now range from Rs 35 to Rs. 90 per mensem according to class. It is believed that as the result of rates now sanctioned, they will in general earn still higher wages in spite of a material reduction in the hours of labour.

(5) Salaried men among the industrial hands will have the following benefits:—

(*a*) In certain branches of the Press, time-scales of pay will be introduced, insuring an immediate increase in the earnings and greatly improved prospects in the future

(*b*) In branches where time-scales are not feasible, there will be better grading and improved salaries on an eight-hour basis.

(*c*) Except in special cases, overtime on all work in excess of 8 hours will be paid at a rate 25 per cent. above the proportional rate of salary, while overtime in excess of 10 hours will be paid at a rate 50 per cent. above the proportional rate of salary.

(*d*) Salaried men, who earn overtime, will be eligible for casual leave.

III.—Works Committees.

Works Committees will be established to afford the men regular opportunities of discussing with the supervising staff inequalities and difficulties that may arise under working conditions.

26. It is hoped that the revised terms of employment explained in this Resolution will substantially improve the position of all employees in the Government of India Presses.

Order:—Ordered that a copy of the foregoing Resolution be forwarded to all local Government and Administrations, to the Finance and the Foreign and Political Departments of the Government of India, to the Private Secretary to His Excellency the Viceroy, to the Controller of Printing, Stationery and Stamps, to the Superintendent, Government Printing, India, Calcutta, to the Superintendent, Government Printing, Delhi, to the Superintendent, Government Central Branch Press, Simla, and to the Manager, Monotype Press, Simla.

(*b*) secondly, with payment of the amounts due in respect of claims by British nationals in India with regard to their property, rights and interests in the territories of Austria-Hungary, Bulgaria and Turkey, in so far as those claims are not otherwise satisfied; and

(*c*) thirdly, with payment of amounts due in respect of claims and debts by any British nationals of the nature referred to in clauses (*a*) and (*b*):

Provided that any particular property, rights or interests so charged may, at any time, be released from the charge so created by order of the Governor General in Council.

(*xvii*) With a view to making effective and enforcing such charge as aforesaid—

(*a*) no person shall, without the consent of the Custodian appointed for the area in which such person resides or carries on business, transfer, part with or otherwise deal in any property, right or interest subject to the charge. Any person who contravenes this provision shall, on conviction before a Magistrate, be punished with imprisonment which may extend to three months, or with fine or with both;

(*b*) every person owning or having the control or management of any property, right or interest in India subject to the charge (including where the property, right or interest consists of shares, stocks or other securities issued by a company, municipal authority or other body, or any right or interest therein such company, authority or body) shall, unless particulars thereof have already been furnished to the Custodian in accordance with the Indian Enemy Trading Acts, 1915, 1916, within one month from the date when this Order comes into operation by notice in writing communicate the fact to the Custodian appointed for the area in which such person resides or carries on business and shall furnish the Custodian with such particulars in relation thereto as the Custodian may require, and if any person fails to do so he shall on conviction before a Magistrate be liable to fine;

(*c*) where the property charged consists of inscribed or registered stock, shares or other securities, any company, municipal authority or other body by whom the securities were issued or are managed shall, on application being made by the Custodian, appointed for the area in which such company, municipal authority or other body has its principal office, enter such Custodian in the books in which the securities are inscribed or registered as the proprietor of the securities subject to the charge, and such Custodian shall, subject to the consent of the Governor General in Council, have power to sell or otherwise deal with the securities as proprietor of which he is so inscribed or registered;

(*d*) the Governor General in Council may by order vest in a Custodian any property, rights and interests subject to the charge, or the right to transfer the same, and for that purpose section seven of the Indian Enemy Trading Act, 1916, shall, in relation to German nationals continue in force and shall apply as if such property, rights and interests were property belonging to an enemy or enemy subject;

(*e*) if any person called upon to pay any money or to transfer or otherwise to deal with any property, rights or interests has reason to suspect that the same are subject to such charge as aforesaid, he shall before paying, transferring or dealing with the same report the matter to the Custodian appointed for the area in which such person resides or carries on business, and shall comply with any directions that the Custodian may give with respect thereto.

(*xxi*) So far as may be necessary for the purpose of Article 307 the Indian Patents and Designs (Temporary Rules) Act 1915 [except section two of such Act] shall in relation to German nationals continue in force as if references therein to subjects of a State at war with His Majesty included references to German nationals.

(*xxii*) The duly qualified Tribunal for the purposes of Article 310 of the Treaty shall be the Controller of Patents and Designs, appointed under the Indian Patents and Designs Act, 1911.

(*xxiii*) The notices to be given by creditors resident in India under paragraph 5 of the Annex to section III of the Treaty shall be given together with the particulars required by that clause to the Controller of the Local Clearing Office.

2. For the purposes of this Order—

The expression " enemy debt " has the meaning assigned to it by paragraph 2 of the Annex to section III of Part X of the Treaty and includes any sum which under the Treaty is to be treated or dealt with in like manner as an enemy debt:

SCHEDULE.

Sections III to VII of Part X of the Treaty.

SECTION III.—DEBTS.

ARTICLE 296.

" There shall be settled through the intervention of Clearing Offices to be established by each of the High Contracting Parties within three months of the notification referred to in paragraph (*e*) hereafter the following classes of pecuniary obligations:

1. Debts payable before the war and due by a national of one of the contracting Powers, residing within its territory, to a national of an Opposing Power, residing within its territory.

2. Debts which became payable during the war to nationals of one Contracting Power residing within its territory and arose out of transactions or contracts with the nationals of an Opposing Power, resident within its territory, of which the total or partial execution was suspended on account of the declaration of war.

3. Interest which has accrued due before and during the war to a national of one of the Contracting Powers in respect of securities issued by an Opposing Power, provided that the payment of interest on such securities to the nationals of that Power or to neutrals has not been suspended during the war.

4. Capital sums which have become payable before and during the war to nationals of one of the Contracting Powers in respect of securities issued by one of the Opposing Powers, provided that the payment of such capital sums to nationals of that Power or to neutrals has not been suspended during the war.

The proceeds of liquidation of enemy property, rights and interests mentioned in Section IV and in the Annex thereto will be accounted for through the Clearing Offices, in the currency and at the rate of exchange hereinafter provided in paragraph (*d*) and disposed of by them under the conditions provided by the said Section and Annex.

The settlements provided for in this Article shall be effected according to the following principles and in accordance with the Annex to this Section:—

(*a*) Each of the High Contracting Parties shall prohibit, as from the coming into force of the present Treaty, both the payment and the acceptance of payment of such debts, and also all communications between the interested parties with regard to the settlement of the said debts, otherwise than through the Clearing Offices.

(*b*) Each of the High Contracting Parties shall be respectively responsible for the payment of such debts due by its nationals, except in the cases where before the war the debtor was in a state of bankruptcy or failure, or had given formal indication of insolvency or where the debt was due by a company whose business has been liquidated under emergency legislation during the war. Nevertheless, debts due by the inhabitants of territory invaded or occupied by the enemy before the Armistice will not be guaranteed by the States of which those territories form part.

(*c*) The sums due to the nationals of one of the High Contracting Parties by the nationals of an Opposing State will be debited to the Clearing Office of the country of the debtor, and paid to the creditor by the Clearing Office of the country of the creditor.

(*d*) Debts shall be paid or credited in the currency of such one of the Allied and Associated Powers, their colonies or protectorates or the British Dominions or India, as may be concerned. If

the debts are payable in some other currency they shall be paid or credited in the currency of the country concerned, whether an Allied or Associated Power, Colony, Protectorate, British Dominion or India, at the pre-war rate of exchange.

For the purpose of this provision the pre-war rate of exchange shall be defined as the average cable transfer rate prevailing in the Allied or Associated country concerned during the month immediately preceding the outbreak of war between the said country concerned and Germany.

If a contract provides for a fixed rate of exchange governing the conversion of the currency in which the debt is stated into the currency of the Allied or Associated country concerned, then the above provisions concerning the rate of exchange shall not apply.

In the case of new States the currency in which and the rate of exchange at which debts shall be paid or credited shall be determined by the Reparation Commission provided for in Part VIII (Reparation).

(*e*) The provisions of this Article and of the Annex hereto shall not apply as between Germany on the one hand and any one of the Allied and Associated Powers, their colonies or protectorates, or any one of the British Dominions or India on the other hand, unless within a period of one month from the deposit of the ratification of the present Treaty by the power in question, or of the ratification on behalf of such Dominion or of India notice to that effect is given to Germany by the Government of such Allied or Associated Power or of such Dominion or of India as the case may be.

(*f*) The Allied and Associated Powers who have adopted this Article and the Annex hereto may agree between themselves to apply them to their respective nationals established in their territory so far as regards matters between their nationals and German nationals. In this case the payments made by application of this provision will be subject to arrangements between the allied and associated Clearing Offices concerned.

ANNEX

1. Each of the High Contracting Parties will within three months from the notification provided for in Article 296, paragraph (*e*), establish a Clearing Office for the collection and payment of enemy debts.

Local Clearing Offices may be established for any particular portion of the territories of the High Contracting Parties. Such local Clearing Offices may perform all the functions of a central Clearing Office in their respective districts, except that all transactions with the Clearing Office in the Opposing State must be effected through the central Clearing Office.

2. In this Annex the pecuniary obligations referred to in the first paragraph of Article 296 are described as " enemy debts, " the persons from whom the same are due as " enemy debtors, " the persons to whom they are due as " enemy creditors, " the Clearing Office in the country of the creditor is called the " Creditor Clearing Office, " and the Clearing Office in the country of the debtor is called the " Debtor Clearing Office. "

3. The High Contracting Parties will subject contraventions of paragraph (*a*) of Article 296 to the same penalties as are at present provided by their legislation for trading with the enemy. They will similarly prohibit within their territory all legal process relating to payment of enemy debts, except in accordance with the provisions of this Annex.

4. The Government guarantee specified in paragraph (*b*) of Article 296 shall take effect whenever, for any reason, a debt shall not be recoverable, except in a case where at the date of the outbreak of war the debt was barred

by the laws of prescription in force in the country of the debtor or where the debtor was at that time in a state of bankruptcy or failure or had given formal indication of insolvency, or where the debt was due by a company whose business has been liquidated under emergency legislation during the war. In such case the procedure specified by this Annex shall apply to payment of the dividends.

The terms " bankruptcy " and " failure " refer to the application of legislation providing for such juridical conditions. The expression " formal indication of insolvency " bears the same meaning as it has in English law.

5. Creditors shall give notice to the Creditor Clearing Office within six months of its establishment of debts due to them, and shall furnish the Clearing Office with any documents and information required of them.

The High Contracting Parties will take all suitable measures to trace and punish collusion between enemy creditors and debtors. The clearing offices will communicate to one another any evidence and information which might help the discovery and punishment of such collusion.

The High Contracting Parties will facilitate as much as possible postal and telegraphic communications at the expense of the parties concerned and through the intervention of the Clearing Offices between debtors and creditors desirous of coming to an agreement as to the amount of their debt.

The Creditor Clearing Office will notify the Debtor Clearing Office of all debts declared to it. The Debtor Clearing Office will, in due course, inform the Creditor Clearing Office which debts are admitted and which debts are contested. In the latter case, the Debtor Clearing Office will give the grounds for the non-admission of debt.

6. When a debt has been admitted, in whole or in part, the Debtor Clearing Office will at once credit the Creditor Clearing Office with the amount admitted, and at the same time notify it of such credit.

7. The debt shall be deemed to be admitted in full and shall be credited forthwith to the Creditor Clearing Office unless within three months from the receipt of the notification or such longer time as may be agreed to by the Creditor Clearing Office notice has been given by the Debtor Clearing Office that it is not admitted..

8. When the whole or part of a debt is not admitted the two Clearing Offices will examine into the matter jointly and will endeavour to bring the parties to an agreement.

9. The Creditor Clearing Office will pay to the individual creditor the sums credited to it out of the funds placed at its disposal by the Government of its country and in accordance with the conditions fixed by the said Government, retaining any sums considered necessary to cover risks, expenses or commissions.

10. Any person having claimed payment of an enemy debt which is not admitted in whole or in part shall pay to the Clearing Office, by way of fine, interest at 5 per cent on the part not admitted. Any person having unduly refused to admit the whole or part of a debt claimed from him shall pay, by way of fine, interest at 5 per cent. on the amount with regard to which his refusal shall be disallowed.

Such interest shall run from the date of expiration of the period provided for in paragraph 7 until the date on which the claim shall have been disallowed or the debt paid.

Each clearing Office shall, in so far as it is concerned, take steps to collect the fines, above provided for and will be responsible if such fines cannot be collected.

The fines will be credited to the other Clearing Office which shall retain them as a contribution towards the cost of carrying out the present provisions.

11. The balance between the Clearing Offices shall be struck monthly and the credit balance paid in cash by the debtor State within a week.

Nevertheless, any credit balances which may be due by one or more of the Allied and Associated Powers shall be retained until complete payment shall

have been effcted of the sums due to the Allied or Associated Powers or their nationals on account of the war.

12 To facilitate discussion between the Clearing Offices each of them shall have a represenative at the place where the other is established.

13. Except for special reasons all discussions in regard to claims will, so far as possible, take place at the Debtor Clearing Office

14 In conformity with article 296, paragraph (*b*), the High Contracting Parties are responsible for the payment of the enemy debts owing by their nationals.

The Debtor Clearing Office will therefore credit the Creditor Clearing Office with all debts admitted even in case of inability to collect them from the individual debtor The Governments concerned will, nevetheless, invest their respective Clearing Offices with all necessary powers for the recovery of debts which have been admitted.

As an exception, the admitted debts owing by persons having suffered injury from acts of war shall only be credited to the Creditor Clearing Office when the compensation due to the person concerned in respect of such injury shall have been paid.

15 Each Government will defray the expenses of the Clearing Office set up in its territory including the salaries of the staff

16 Where the two Clearing Offices are unable to agree whether a debt claimed is due or in case of a difference between an enemy debtor and an enemy creditor or between the Clearing Offices, the dispute shall either be referred to arbitration if the parties so agree under conditions fixed by agreement between them, or referred to the Mixed Arbitral Tribunal provided for in Section VI, hereafter

At the request of the Creditor Clearing Office the dispute may, however, be submitted to the jurisdiction of the Courts of the place of domicile of the debtor

17. Recovery of sums found by the Mixed Arbitral Tribunal, the Court, or the Arbitration Tribunal to be due shall be effected through the Clearing Offices as if these sums were debts admitted by the Debtor Clearing Office.

18. Each of the Governments concerned shall appoint an agent who will be responsible for the presentation to the Mixed Arbitral Tribunal of the cases conducted on behalf of its Clearing Office. This agent will exercise a general control over the representatives or counsel employed by its nationals.

Decisions will be arrived at on documentary evidence but it will be open to the Tribunal to hear the parties in person, or according to their preference by their representatives approved by the two Governments, or by the agent referred to above, who shall be competent to intervene along with the party or to re-open and maintain a claim abandoned by the same.

19 The Clearing Offices concerned will lay before the Mixed Arbitral Tribunal all the information and documents in their possession, so as to enable the Tribunal to decide rapidly on the cases which are brought before it.

20 Where one of the parties concerned appeals against the joint decision of the two Clearing Offices he shall make a deposit against the costs, which deposit shall only be refunded when the first judgment is modified in favour of the appellant and in proportion to the success he may attain, his opponent in case of such a refund being required to pay an equivalent proportion of the costs and expenses. Security accepted by the Tribunal may be substituted for a deposit

A fee of 5 per cent. of the amount in dispute shall be charged in respect of all cases brought before the Tribunal. This fee shall, unless the Tribunal directs otherwise, be borne by the unsuccessful party Such fee shall be added to the deposit referred to. It is also independent of the security.

The Tribunal may award to one of the parties a sum in respect of the expenses of the proceedings.

Any sum payable under this paragraph shall be credited to the Clearing Office of the successful party as a separate item.

21. With a view to the rapid settlement of claims, due regard shall be paid in the appointment of all persons connected with the Clearing Offices or with the Mixed Arbitral Tribunal to their knowledge of the language of the other country concerned. Each of the clearing Offices will be at liberty to correspond with the other, and to forward documents in its own language.

22. Subject to any special agreement to the contrary between the Governments concerned debts shall carry interest in accordance with the following provisions :—

Interest shall not be payable on sums of money due by way of dividend, interest, or other periodical payments which themselves represent interest on capital.

The rate of interest shall be 5 per cent. per annum except in cases where, by contract, law or custom, the creditor is entitled to payment of interest at a different rate. In such cases the rate to which he is entitled shall prevail.

Interest shall run from the date of commencement of hostilities (or, if the sum of money to be recovered fell due during the war, from the date at which it fell due) until the sum is credited to the Clearing Office of the creditor.

Sums due by way of interest shall be treated as debts admitted by the Clearing Offices and shall be credited to the Creditor Clearing Offices in the same way as such debts.

23. Where by decision of the Clearing Offices or the Mixed Arbitral Tribunal a claim is held not to fall within Article 296, the creditor shall be at liberty to prosecute the claim before the Courts or to take such other proceedings as may be open to him.

The presentation of a claim to the Clearing Office suspends the operation of any period of prescription.

24. The High Contracting Parties agree to regard the decisions of the Mixed Arbitral Tribunal as final and conclusive, and to render them binding upon their nationals.

25. In any case where a Creditor Clearing Office declines to notify a claim to the Debtor Clearing Office, or to take any step provided for in this Annex, intended to make effective in whole or in part a request of which it has received due notice, the enemy creditor shall be entitled to receive from the Clearing Office a certificate setting out the amount of the claim and shall then be entitled to prosecute the claim before the Courts or to take such other proceedings as may be open to him.

SECTION IV.--PROPERTY, RIGHTS AND INTERESTS.

ARTICLE 297.

The question of private property, rights and interests in an enemy country shall be settled according to the principles laid down in this Section and to the provision of the Annex hereto :—

(*a*) The exceptional war measures and measures of transfer (defined in paragraph 3 of the Annex hereto) taken by Germany, with respect to the porperty, rights and interests of nationals of Allied or Associated Powers including companies and associations in which they are interested, when liquidation has not been completed, shall be immediately discontinued or stayed and the property, rights and interests concerned restored to their owners, who shall enjoy full rights therein in accordance with the provisions of Article 298.

(*b*) Subject to any contrary stipulations which may be provided for in the present Treaty, the Allied and Associated Powers reserve the right to retain and liquidate all property, rights and interests

belonging at the date of the coming into force of the present Treaty to German nationals or companies controlled by them, within their territories, colonies, possessions and protectorates including territories ceded to them by the present Treaty.

The liquidation shall be carried out in accordance with the laws of the Allied or Associated State concerned, and the German owner shall not be able to dispose of such property, rights, or interests nor to subject them to any charge without the consent of the State.

German nationals who acquire *ipso facto* the nationality of an Allied or Associated Power in accordance with the provisions of the present Treaty will not be considered as German nationals within the meaning of this paragraph.

(*c*) The price of the amount of compensation in respect of the exercise of the right referred to in the preceding paragraph (*b*) will be fixed in accordance with the methods of sale or valuation adopted by the laws of the country in which the property has been retained or liquidated.

(*d*) As between the Allied and Associated powers or their nationals on the one hand and Germany or her nationals on the other hand, all the exceptional war measures, or measures of transfer, for acts done or to be done in execution of such measures as defined in paragraphs 1 and 3 of the Annex hereto shall be considered as final and binding upon all persons except as regards the reservations laid down in the present Treaty.

(*e*) The nationals of Allied and Associated Powers shall be entitled to compensation in respect of damage or injury inflicted upon their property, rights or interests including any company or association in which they are interested, in German territory as it existed on August 1st, 1914, by the application either of the exceptional war measures or measures of transfer, mentioned in paragraphs 1 and 3 of the Annex hereto. The claims made in this respect by such nationals shall be investigated, and the total of the compensation shall be determined by the Mixed Arbitral Tribunal provided for in Section VI or by an arbitrator appointed by that Tribunal. This compensation shall be borne by Germany, and may be charged upon the property of German nationals within the territory or under the control of the claimant's State. This property may be constituted as a pledge for enemy liabilities under the conditions fixed by paragraph 4 of the Annex hereto The payment of this compensation may be made by the Allied or Associated State, and the amount will be debited to Germany.

(*f*) Whenever a national of an Allied or Associated Power is entitled to property which has been subjected to a measure of transfer in German territory and expresses a desire for its restitution, his claim for compensation in accordance with paragraph (*e*) shall be satisfied by the restitution of the said property if it still exists in specie.

In such cases Germany shall take all necessary steps to restore the evicted owner to the possession of his property, free from all encumbrances or burdens with which it may have been charged after the liquidation, and to indemnify all third parties injured by the restitution.

If the restitution provided for in this paragraph cannot be effected private agreements arranged by the intermediation of the Powers concerned or the Clearing Offices provided for in the Annex to Section III may be made, in order to secure that the national of the Allied or Associated Power may secure compensation for the injury referred to in paragraph (*e*) by

the grant of advantages or equivalents which he agrees to accept in place of the property, rights, or interests of which he was deprived.

Through restitution in accordance with this article, the price or the amount of compensation fixed by the application of paragraph (*e*) will be reduced by the actual value of the property restored, account being taken of compensation in respect of loss of use or deterioration

(*g*) The rights conferred by paragraph (*f*) are reserved to owners who are nationals of Allied or Associated Powers within whose territory legislative measures prescribing the general liquidation of enemy property, rights, or interests were not applied before the signature of the armistice.

(*h*) Except in cases where, by application of paragraph (*f*), restitutions in specie have been made, the net proceeds of sales of enemy property, rights or interests, wherever situated, carried out, either by virtue of war legislation, or by application of this article, and in general all cash assets of enemies, shall be dealt with as follows:—

(1) As regards Powers adopting Section III and the Annex thereto, the said proceeds and cash assets shall be credited to the Power of which the owner is a national, through the Clearing Office established thereunder: any credit balance in favour of Germany resulting therefrom shall be dealt with as provided in Article 243.

Any property, rights and interests or proceeds thereof or cash assets not used as above provided may be retained by the said Allied or Associated Power and if retained the cash value thereof shall be dealt with as provided in Article 243.

In the case of liquidations effected in new States, which are signatories of the present Treaty as Allied and Associated Powers, or in States which are not entitled to share in the reparation payments to be made by Germany the proceeds of liquidations effected by such State shall be subject to the rights of the Reparation Commission under the present Treaty particularly under Articles 235 and 260, be paid direct to the owner. If on the application of that owner, the Mixed Arbitral Tribunal, provided for by Section VI of this part or an arbitrator appointed by that Tribunal is satisfied that the conditions of the sale or measures taken by the Government of the State in question outside its general legislation were unfairly prejudicial to the price obtained, they shall have discretion to award to the owner equitable compensation to be paid by that State.

(*i*) Germany undertakes to compensate her nationals in respect of the sale or retention of their property, rights or interests in Allied or Associated States.

(*j*) The amount of all taxes and imposts upon capital levied or to be levied by Germany on the property, rights and interests of the nationals of the Allied or Associated Powers from November

ANNEX.

1. In accordance with the provisions of Article 297, paragraph (*d*), the validity of vesting orders and of orders for the winding up of businesses or companies, and of any other orders, directions, decisions, or instructions of any Court or any Department of the Government of any of the High Contracting Parties made or given, or purporting to be made or given in pursuance of war legislation with regard to enemy property, rights, and interests is confirmed. The interests of all persons shall be regarded as having been effectively dealt with by any order, direction, decision or instruction, dealing with property in which they may be interested, whether or not such interests are specifically mentioned in the orders, direction, decision or instruction. No question shall be raised as to the regularity of a transfer of any property, rights or interests dealt with in pursuance of any such order, direction, decision, or instruction. Every action taken with regard to any property, business, or company, whether as regards its investigation, sequestration, compulsory administration, use, requisition, supervision, or winding up, the sale or management of property, rights, or interests, the collection or discharge of debts, the payment of cost, charges or expenses, or any other matter whatsoever, in pursuance of orders, directions, decisions, or instructions of any Court or of any department of the Government of any of the High Contracting Parties, made or given, or purporting to be made or given, in pursuance of war legislation with regard to enemy property, rights, or interests, is confirmed. Provided that the provisions of this paragraph shall not be held to prejudice the titles to property heretofore acquired in good faith and for value and in accordance with the laws of the country in which the property is situated by nationals of the Allied and Associated Powers.

The provisions of this paragraph do not apply to such of the above-mentioned measures as have been taken by the German authorities in invaded or occupied territory, nor to such of the above-mentioned measures as have been taken by Germany or the German authorities since November 11th, 1918, all of which shall be void.

2. No claim or action shall be made or brought against any Allied or Associated Power or against any person acting on behalf of or under the direction of any legal authority or Department of the Government of such a

power by Germany or by any German national wherever resident in respect of any act or omission with regard to his property, rights or interests during the war or in preparation for the war. Similarly, no claim or action shall be made or brought against any person in respect of any act or omission under or in accordance with the exceptional war measures, laws or regulations of any Allied or Associated Power.

3. In Article 297 and this Annex the expression "exceptional war measures" includes measures of all kinds—legislative, administrative, judicial, or others—that have been taken or will be taken hereafter with regard to enemy property, and which have had or will have the effect of removing from the proprietors the power of disposition over their property, though without affecting the ownership such as measures of supervision, of compulsory administration, and of sequestration: or measures which have had or will have as an object the seizure of, the use of, or the interference with enemy assets for whatsoever motive, under whatsoever form, or in whatsoever place. Acts in the execution of these measures include all detentions, instructions, orders or decrees of Government departments or Courts applying these measures to enemy property, as well as acts performed by any person connected with the administration or the supervision of enemy property, such as the payment of debts, the collecting of credits, the payment of any cost, charges or expenses or the collecting of fees.

Measures of transfer are those which have affected or will affect the ownership of enemy property by transferring it in whole or in part to a person other than the enemy owner, and without his consent, such as measures directing sale, liquidation, or devolution of ownership in enemy property, or the cancelling of titles or securities.

4. All property, rights, and interests of German nationals within the territory of any Allied or Associated Power and the net proceeds of their sale, liquidation or other dealing therewith may be charged by that Allied or associated Power in the first place with payment of amounts due in respect of claims by the nationals of that Allied or Associated Power with regard to their property, rights and interests, including companies and associations in which they are interested, in German territory, or debts owing to them by German nationals and with payment of claims growing out of acts committed by the German Government or by any German authorities since July 31, 1914, and before that Allied or Associated Power entered into the war. The amount of such claims may be assessed by an arbitrator appointed by Mr. Gustave Ador, if he is willing, or if no such appointment is made by him, by an arbitrator appointed by the Mixed Arbitral Tribunal provided for in section VI. They may be charged in the second place with payment of the amounts due in respect of claims by the nationals of such Allied or Associated Power with regard to their property, rights and interests in the territory of other enemy Powers, in so far as those claims are otherwise unsatisfied.

5. Notwithstanding the provisions of Article 297, where immediately before the outbreak of war a company incorporated in an Allied or Associated State had rights in common with a company controlled by it and incorporated in Germany to the use of trade-marks in third countries, or enjoyed the use in common with such company of unique means of reproduction of goods or articles for sale in third countries, the former company shall alone have the right to use these trade-marks in third countries to the exclusion of the German company, and these unique means of reproduction shall be handed over to the former company, notwithstanding any action under German war legislation with regard to the latter company or its business, industrial property or shares. Nevertheless, the former company, if requested, shall deliver to the latter company derivative copies permitting the continuation of reproduction of articles for use within German territory.

6. Up to the time when restitution is carried out in accordance with Article 297, Germany is responsible for the conservation of property, rights, and interests of the nationals of Allied or Associated Powers, including companies and associations in which they are interested, that have been subjected by her to exceptional war measures.

7. Within one year from the coming into force of the present Treaty, the Allied or Associated Powers will specify the property, rights, and interests over which they intend to exercise the right provided in Article 297, paragraph (*f*)

8. The restitution provided in Article 297 will be carried out by order of the German Government or of the authorities which have been substituted for it. Detailed accounts of the action of administrator shall be furnished to the interested persons by the German authorities upon request, which may be made at any time after the coming into force of the present Treaty.

9. Until completion of the liquidation provided for by Article 297, paragraph (*b*), the property, rights and interests of German nationals will continue to be subject to exceptional war measures that have been or will be taken with regard to them.

10. Germany will, within six months from the coming into force of the present Treaty, deliver to each Allied or Associated Power all securities, certificates, deeds or other documents of title held by its nationals and relating to property, rights or interests situated in the territory of that Allied or Associated Power, including any shares, stock, debentures, debenture stock, or other obligations of any company incorporated in accordance with the laws of that Power.

Germany will at any time on demand of any Allied or Associated Power furnish such information as may be required with regard to the property, rights, and interests of German nationals within the territory of such Allied or Associated Power or with regard to any transaction concerning such property, rights, or interests effected since July 1st, 1914.

11. The expression " cash assets " includes all deposits or funds established before or after the declaration of war, as well as all assets coming from deposits, revenues, or profits collected by administrators, sequestrators, or others from funds placed on deposit or otherwise, but does not include sums belonging to the Allied or Associated Powers or to their component States, Provinces or Municipalities.

12. All investments wheresoever effected with the cash assets of nationals of the High Contracting Parties, including companies and associations in which such nationals were interested, by persons responsible for the administration of enemy properties or having control over such administration, or by order of such persons or of any authority whatsoever, shall be annulled. These cash assets shall be accounted for irrespective of any such investment.

13. Within one month from the coming into force of the present Treaty, or on demand at any time, Germany will deliver to the Allied and Associated Powers all accounts, vouchers, records, documents and information of any kind which may be within German territory, and which concern the property, rights and interests of the nationals of those Powers, including companies and associations in which they are interested, that have been subjected to an exceptional war measure, or to a measure of transfer either in German territory or in territory occupied by Germany or her allies.

The controllers, supervisors, managers, administrators, sequestrators, liquidators and receivers shall be personally responsible under guarantee of the German Government for the immediate delivery in full of these accounts and documents and for their accuracy.

14 The provisions of Article 297 and this Annex relating to property, rights and interests in an enemy country, and the proceeds of the liquidation thereof, apply to debts, credits and accounts, Section III, regulating only the method of payment.

In the settlement of matters provided for in Article 297 between Germany and the Allied or Associated States, their colonies or protectorates or any one of the British Dominions or India, in respect of any of which a declaration shall not have been made that they adopt Section III, and between their respective nationals, the provisions of Section III, respecting the currency in which payment is to be made and the rate of exchange and of interest shall

apply unless the Government of the Allied or Associated Power concerned shall within six months of the coming into force of the present Treaty notify Germany that the said provisions are not to be applied.

15. The provisions of Article 297 and this Annex apply to industrial, literary and artistic property which has been or will be dealt with in the liquidation of property, rights, interests, companies or businesses under war legislation by the Allied or Associated Powers, or in accordance with the stipulations of Article 297, paragraph (*b*).

SECTION V.—CONTRACTS, PRESCRIPTIONS, JUDGMENTS.

ARTICLE 299.

(*a*) Any contract concluded between enemies shall be regarded as having been dissolved as from the time when any two of the parties became enemies, except in respect of any debt or other pecuniary obligation arising out of any act done or money paid thereunder, and subject to the exceptions and special rules with regard to particular contracts or classes of contracts contained herein or in the Annex hereto

(*b*) Any contract of which the execution shall be required in the general interest, within six months from the date of the coming into force of the present Treaty, by the Allied or Associated Governments of which one of the parties is a national, shall be excepted from dissolution under this article.

When the execution of the contract thus kept alive would, owing to the alteration of trade conditions cause one of the parties substantial prejudiced the Mixed Arbitral Tribunal provided for by Section VI, shall be empowered to grant to the prejudiced party equitable compensation.

(*d*) The present Article and the Annex hereto shall not apply to contracts the parties to which became enemies by reason of one of them being an inhabitant of territory of which the sovereignty has been transferred, if such party shall acquire under the present Treaty the nationality of an Allied or Associated Power, nor shall they apply to contracts between nationals of the Allied and Associated Powers between whom trading has been prohibited by reason of one of the parties being in Allied or Associated territory in the occupation of the enemy.

(*c*) Upon the application of any interested person who is a national of an Allied or Associated Power the Mixed Arbitral Tribunal shall order the restoration of the rights which have been prejudiced by the measures of execution referred to in paragraph (*b*), wherever, having regard to the particular circumstances of the case, such restoration is equitable and possible.

If such restoration is inequitable or impossible the Mixed Arbitral Tribunal may grant compensation to the prejudiced party to be paid by the German Government.

(*d*) Where a contract between enemies has been dissolved by reason either of failure on the part of either party to carry out its provisions or of the exercise of a right stipulated in the contract itself the party prejudiced may apply to the Mixed Arbitral Tribunal for relief. The Tribunal will have the powers, provided for in paragraph (*c*).

At the instance of the national of the Allied or Associated Power the compensation abovementioned may, upon order to that effect of the Mixed

Arbitral Tribunal, be effected where it is possible by replacing the parties in the situation which they occupied before the judgment was given by the German Court.

The above compensation may likewise be obtained before the Mixed Arbitral Tribunal by the nationals of Allied or Associated Powers who have suffered prejudice by judicial measures taken in invaded or occupied territories, if they have not been otherwise compensated.

ARTICLE 303.

For the purpose of Sections III, IV, V and VII, the expression " during the war " means for each Allied or Associated Power the period between the commencement of the state of war between that Power and Germany and the coming into force of the present Treaty.

III.—CONTRACTS OF INSURANCE

8. Contracts of insurance entered into by any person with another person who subsequently became an enemy will be dealt with in accordance with the following paragraphs :—

Fire Insurance.

9 Contracts for the insurance of property against fire entered into by a person interested in such property with another person who subsequently became an enemy shall not be deemed to have been dissolved by the outbreak of war, or by the fact of the person becoming an enemy, or on account of the failure during the war and for a period of three months thereafter to perform his obligations under the contract, but they shall be dissolved at the date when the annual premium becomes payable for the first time after the expiration of a period of three months after the coming into force of the present Treaty

A settlement shall be effected of unpaid premiums which became due during the war, or of claims for losses which occurred during the war.

10 Where by administrative or legislative action an insurance against fire effected before the war has been transferred during the war from the original to another insurer, the transfer will be recognised and the liability of the original insurer will be deemed to have ceased as from the date of the transfer. The original insurer will, however, be entitled to receive on demand full information as to the terms of the transfer, and if it should appear that these terms were not equitable they shall be amended so far as may be necessary to render them equitable.

Furthermore, the insured shall, subject to the concurrence of the original insurer, be entitled to re-transfer the contract to the original insurer as from the date of the demand

Life Insurance.

11. Contracts of life insurance entered into between an insurer and a person who subsequeutly became an enemy shall not be deemed to have been dissolved by the outbreak of war, or by the fact of the person becoming an enemy.

Where the contract has lapsed during the war owing to non-payment of premiums, or has become void from breach of the conditions of the contracts the assured or his represenatives or the persons entitled shall have the right at any time within 12 months of the coming into force of the present Treaty to claim from the insurer the surrender value of the policy at the date of its lapse or avoidance.

Where the contract has lapsed during the war owing to non-payment of premiums, the payment of which has been prevented by the enforcement of measures of war, the assured or his represenatives or the persons entitled shall have the right to restore the contract on payment of the premiums with interest at five per cent. per annum within three months from the coming into force of the present Treaty.

12 Any Allied or Associated Power may within three months of the coming into force of the present Treaty cancel all the contracts of insurance running between a German insurance company and its nationals under conditions which shall protect its nationals from any prejudice.

To this end the German insurance company will hand over to the Allied or Associatd Government concerned. the proportion of its assets attributable to the policies so cancelled and will be relieved from all liability in respect of such policies, The assets to be handed over shall be determined by an actuary appointed by the Mixed Arbitral Tribunal

13 Where contracts of life insurance have been entered into by a local branch of an insurance company established in a country which subsequently became an enemy country, the contract shall, in the absence of any stipulation to the contrary in the contract itself, be governed by the local law, but the insurer shall be entitled to demand from the insured or his representatives the refund of sums paid on claims made or enforced under measures taken during the war. if the making or enforcement of such claims was not in accordance with the terms of the contract itself or was not consistent with the laws or treaties existing at the time when it was entered into.

14 In any case where, by the law applicable to the contract, the insurer remains bound by the contract, notwithstanding the non-payment of premiums, until notice is given to the insured of the termination of the contract, he shall be entitled. where the giving of such notice was prevented by the war, to recover the unpaid premiums with interest at 5 per cent. per annum from the insured

15. Insurance contracts shall be considered as contracts of life insurance for the purpose of paragraphs 11 to 14 when they depend on the probabilities of human life combined with the rate of interest for the calculation of the reciprocal engagements between the two parties.

Marine Insurance.

16. Contracts of marine insurance including time policies and voyage policies entered into between an insurer and a person who subsequently became an enemy, shall be deemed to have been dissolved on his becoming an enemy, except in cases where the risk undertaken in the contract had attached before he became an enemy

Where the risk had not attached, money paid by way of premium or otherwise shall be recoverable from the insurer.

Where the risk had attached effect shall be given to the contract notwithstanding the party becoming an enemy and sums due under the contract either by way of premiums or in respect of losses shall be recoverable after the coming into force of the present Treaty.

In the event of any agreement being come to for the payment of interest on sums due before the war to or by the nationals of States which have been at war and recovered after the war, such interest shall in the case of losses recoverable under contracts of marine insurance run from the expiration of a period of one year from the date of the loss.

17. No contract of marine insurance with an insured person who subsequently became an enemy shall be deemed to cover losses due to belligerent action by the Power of which the insurer was a national or by the allies or associate of such Power.

18. Where it is shown that a person who had before the war entered into a contract of Marine insurance with an insurer who subsequently became an enemy entered after the outbreak of war into a new contract covering the same risk with an insurer who was not an enemy the new contract shall be deemed to be substituted for the original contract as from the date, when it was entered into, and the premiums payable shall be adjusted on the basis of the original insurer having remained liable on the contract only up till the time when the new contract was entered into.

Other Insurances.

19. Contracts of insurance entered into before the war between an insurer and a person who subsequently became an enemy, other than contracts dealt with in paragraphs 9 to 18, shall be treated in all respects on the same footing as contracts of fire insurance between the same persons would be dealt with under the said paragraphs

Reinsurance.

20. All treaties of reinsurance with a person who became an enemy shall be regarded as having been abrogated by the person becoming an enemy, but without prejudice in the case of life or marine risks which had attached before the war to the right to recover payment after the war for sums due in respect of such risks.

Nevertheless if, owing to invasion, it has been impossible for the reinsured to find another reinsurer, the treaty shall remain in force until three months after the coming into force of the present Treaty.

Where a reinsurance treaty becomes void under this paragraph, there shall be an adjustment of accounts between the parties in respect both of premiums paid and payable and of liabilities for losses in respect of life or marine risk which had attached before the war. In the case of risks other than those mentioned in paragraphs 11 to 18, the adjustment of accounts shall be made as at the date of the parties becoming enemies without regard to claims for losses which may have occurred since that date.

21. The provisions of the preceding paragraph will extend equally to reinsurances existing at the date of the parties becoming enemies of particular risks undertaken by the insurer in a contract of insurance against any risks other than life or marine risks.

22. Reinsurance of life risks effected by particular contracts and not under any general treaty remain in force.

The provisions of pargraph 12 apply to treaties of reinsurance of life insurance contracts in which enemy companies are the reinsurers.

23. In case of a reinsurance effected before the war of a contract of marine insurance, the cession of a risk which had been ceded to the reinsurer shall, if it had attached before the outbreak of war, remain valid and effect be given to the contract notwithstanding the outbreak of war; sums due under the contract of reinsurance in respect either of premiums or of losses shall be recoverable after the war.

24. The provisions of paragraphs 17 and 18 and the last part of paragraph 16 shall apply to contracts for the reinsurance of marine risks.

SECTION VI.—MIXED ARBITRAL TRIBUNAL.

ARTICLE 304.

Each such Tribunal shall consist of three members. Each of the Governments concerned shall appoint one of these members. The President shall be chosen by agreement between the two Governments concerned.

In case of failure to reach agreement, the President of the Tribunal and two other persons, either of whom may in case of need take his place, shall be chosen by the Council of the League of Nations, or, until this is set up, by M. Gustave Ador if he is willing. These persons shall be nationals of Powers that have remained neutral during the war.

If any Government does not proceed within a period of one month in case there is a vacancy to appoint a member of the Tribunal, such member shall be chosen by the other Government from the two persons mentioned above other than the President

The decision of the majority of the members of the Tribunal shall be the decision of the Tribunal.

(*b*) The Mixed Arbitral Tribunals established pursuant to paragraph (*a*) shall decide all questions within their competence under Sections III, IV, V and VII.

In addition, all questions, whatsoever their nature, relating to contracts concluded before the coming into force of the present Treaty between nationals of the Allied and Associated Powers and German nationals shall be decided by the Mixed Arbitral Tribunal, always excepting questions which under the laws of the Allied, Associated or Neutral Powers, are within the jurisdiction of the National Courts of those Powers. Such questions shall be decided by the National Courts in question, to the exclusion of the Mixed Arbitral Tribunal The party who is a national of an Allied or Associated Power may, nevertheless, bring the case before the Mixed Arbitral Tribunal if this is not prohibited by the laws of his country.

(*c*) If the number of cases justifies it, additional members shall be appointed and each Mixed Arbitral Tribunal shall sit in divisions. Each of these divisions will be constituted as above.

(*d*) Each mixed Arbitral Tribunal will settle its own procedure except in so far as it is provided in the following Annex, and is empowered to award the sums to be paid by the loser in respect of the costs and expenses of the proceedings.

(*e*) Each Government will pay the remuneration of the member of the Mixed Arbitral Tribunal appointed by it and of any agent whom it may appoint to represent it before the Tribunal. The remuneration of the President will be determined by special agreement between the Governments concerned; and this remuneration and the joint expenses of each Tribunal will be paid by the two Governments in equal moieties.

(*f*) The High Contracting Parties agree that their courts and authorities shall render to the Mixed Arbitral Tribunal direct all the assistance in their power, particularly as regards transmitting notices and collecting evidence.

(g) The High Contracting Parties agree to regard the decisions of the Mixed Arbitral Tribunal as final and conclusive, and to render them binding upon their nationals.

ANNEX.

1. Should one of the members of the Tribunal either die, retire, or be unable for any reason whatever to discharge his functions, the same procedure will be followed for filling the vacancy as was followed for appointing him

2. The Tribunal may adopt such rules of procedure as shall be in accordance with justice and equity and decide the order and time at which each party much conclude its arguments, and may arrange all formalities required for dealing with the evidence.

3. The agent and counsel of the parties on each side are authorised to present orally and in writing to the Tribunal arguments in support or in defence of each case.

4. The Tribunal shall keep record of the questions and cases submitted and the proceedings thereon, with the dates of such proceedings

5. Each of the Powers concerned may appoint a secretary. These secretaries shall act together as joint secretaries of the Tribunal and shall be subject to its direction. The Tribunal may appoint and employ any other necessary officer or officers to assist in the performance of its duties.

6. The Tribunal shall decide all questions and matters submitted upon such evidence and information as may be furnished by the parties concerned

7 Germany agrees to give the Tribunal all facilities and information required by it for carrying out its investigations

9. The place and time for the meetings of each Tribunal shall be determined by the President of the Tribunal.

ARTICLE 305.

Whenever a competent Court has given or gives a decision in a case covered by Sections III, IV, V or VII, and such decision is inconsistent with the provisions of such Sections, the party who is prejudiced by the decision shall be entitled to obtain redress which shall be fixed by the Mixed Arbitral Tribunal. At the request of the national of an Allied or Associated Power, the redress may, whenever possible, be effected by the Mixed Arbitral Tribunal directing the replacement of the parties in the position occupied by them before the judgment was given by the German Court.

SECTION VII- INDUSTRIAL PROPERTY

ARTICLE 306.

Subject to the stipulations of the present Treaty, rights of industrial, literary, and artistic property, as such property is defined by the International Conventions of Paris and of Berne, mentioned in Article 286, shall be re established or restored, as from the coming into force of the present Treaty, in the territories of the High Contracting Parties, in favour of the persons entitled to the benefit of them at the moment when the state of war commenced or their legal representatives. Equally, rights which, except for the war, would have been acquired during the war in consequence of an application made for the protection of industrial property, or the publication of a literary or artistic work, shall be recognised and established in favour of those persons who would have been entitled thereto, from the coming into force of the present Treaty.

Nevertheless, all acts done by virtue of the special measures taken during the war under legislative, executive or administrative authority of any Allied or Associated Power in regard to the rights of German nationals in industrial, literary or artistic property shall remain in force and shall continue to maintain their full effect.

No claim shall be made or action brought by Germany or German nationals in respect of the use during the war by the Government of any Allied or Associated Power, or by any persons acting on behalf or with the assent of such Government, of any rights in industrial, literary or artistic property, nor in respect of the sale, offering for sale, or use of any products, articles or apparatus whatsoever to which such rights applied.

Unless the legislation of any one of the Allied or Associated Powers in force at the moment of the signature of the present Treaty otherwise directs, sums due or paid in virtue of any act or operation resulting from the execution of the special measures mentioned in paragraph 1 of this Article shall be dealt with in the same way as other sums due to German nationals are directed to be dealt with by the present Treaty; and sums produced by any special measures taken by the German Government in respect of rights in industrial, literary or artistic property belonging to the nationals of the Allied or Associated Powers shall be considered and treated in the same way as other debts due from German nationals.

Each of the Allied and Associated Powers reserves to itself the right to impose such limitations, conditions, or restrictions on rights of industrial, literary, or artistic property (with the exception of trade-marks) acquired before or during the war, or which may be subsequently acquired in accordance with its legislation, by German nationals, whether by granting licenses, or by the working, or by preserving control over their exploitation, or in any other way, as may be considered necessary for national defence, or in the public interest, or for assuring the fair treatment by Germany of the rights of industrial, literary and artistic property held in German territory by its nationals, or for securing the due fulfilment of all the obligations undertaken by Germany in the present Treaty. As regards rights of industrial, literary, and artistic property acquired after the coming into force of the present Treaty, the right so reserved by the Allied and Associated Powers shall only be exercised in cases where these limitations, conditions or restrictions may be considered necessary for national defence or in the public interest.

In the event of the application of the provisions of the preceding paragraph by any Allied or Associated Power, there shall be paid reasonable indemnities or royalties which shall be dealt within the same way, as other sums due to German nationals are directed to be dealt with by the present Treaty.

Each of the Allied or Associated Powers reserves the right to treat as void and of no effect any transfer in whole or in part of or other dealing with rights of or in respect of industrial, literary, or artistic property effected after August 1st, 1914, or in the future, which would have the result of defeating the objects of the provisions of this article.

The provisions of this article shall not apply to rights in industrial, literary or artistic property which have been dealt with in the liquidation of businesses or companies under war legislation by the Allied or Associated Powers, or which may be so dealt with by virtue of Article 297, paragraph (*b*).

ARTICLE 307.

A minimum of one year after the coming into force of the present Treaty shall be accorded to the nationals of the High Contracting Parties, without extension fees or other penalty in order to enable such persons to accomplish any act, fulfil any formality, pay any fees, and generally satisfy any obligation prescribed by the laws or regulations of the respective States relating to the obtaining, preserving, or proposing rights to, or in respect of industrial

property either acquired before August 1, 1914, or which, except for the war, might have been acquired since that date as a result of an application made before the war or during its continuance, but nothing in this article shall give any right to re-open interference proceedings in the United States of America where a final hearing has taken place.

All rights in, or in respect of, such property, which may have lapsed by reason of any failure to accomplish any act, fulfil any formality, or make any payment, shall revive, but subject in the case of patents and designs to the imposition of such conditions as each Allied or Associated Power, may deem reasonably necessary for the protection of persons who have manufactured or made use of the subject matter of such property while the rights had lapsed. Further, where rights to patents or designs belonging to German nationals are revived under this article, they shall be subject in respect of the grant of licenses to the same provisions as would have been applicable to them during the war, as well as to all the provisions of the present Treaty.

The period from August 1, 1914, until the coming into force of the present Treaty shall be excluded in considering the time within which a patent should be worked or a trade mark or design used, and it is further agreed that no patent, registered trade mark, or design in force on August 1, 1914, shall be subject to revocation or cancellation by reason only of the failure to work such patent or use such trade mark or design for two years after the coming into force of the present Treaty.

ARTICLE 308.

The rights of priority provided by Article IV, of the International Convention for the Protection of Industrial Property of Paris, of March 20, 1883, revised at Washington in 1911 or by any other Convention or Statute, for the filing or registration of applications for patents or models of utility, and for the registration of trade marks, designs, and models which had not expired on August 1, 1914, and those which have arisen during the war, or would have arisen but for the war, shall be extended by each of the High Contracting Parties in favour of all nationals of the other High Contracting Parties for a period of six months after the coming into force of the present Treaty.

Nevertheless, such extension shall in no way effect the right of any of the High Contracting Parties or of any person who before the coming into force of the present Treaty was *bonâ fide* in possession of any rights of industrial property conflicting with rights applied for by another who claims rights of priority in respect of them, to exercise such rights by itself or himself personally, or by such agents or licensees as derived their rights from it or him before the coming into force of the present Treaty; and such persons shall not be amenable to any action or other process of law in respect of infringement.

ARTICLE 309.

No action shall be brought and no claim made by persons residing or carrying on business within the territories of Germany on the one part and of the Allied or Associated Powers on the other, or persons who are nationals of such powers respectively, or by any one deriving title during the war from such persons, by reason of any action which has taken place within the territory of the other party between the date of the declaration of war and that of the coming into force of the present Treaty, which might constitute an infringement of the rights of industrial property or rights of literary and artistic property, either existing at any time during the war or revived under the provisions of articles 307 and 308.

Equally, no action for infringement of industrial, literary, or artistic property rights by such persons shall at any time be permissible in respect of the sale or offering for sale for a period of one year after the signature

of the present Treaty, in the territories of the Allied or Associated Powers on the one hand or Germany on the other, of products or articles manufactured, or of literary or artistic works published during the period between the declaration of war and the signature of the present Treaty, or against those who have acquired and continue to use them. It is understood, nevertheless, that this provision shall not apply when the possessor of the rights was domiciled or had an industrial or commercial establishment in the districts occupied by Germany during the war.

This article shall not apply as between the United States of America on the one hand and Germany on the other.

ARTICLE 310.

Licenses in respect of industrial, literary or artistic property concluded before the war between nationals of the Allied or Associated Powers or persons residing in their territory or carrying on business therein, on the one part, and German nationals, on the other part, shall be considered as cancelled as from the date of the declaration of war between Germany and the Allied or Associated Power. But, in any case, the former beneficiary of a contract of this kind shall have the right, within a period of six months after the coming into force of the present Treaty, to demand from the proprietor of the rights the grant of a new license, the conditions of which, in default of agreement, between the parties, shall be fixed by the duly qualified tribunal in the country under whose legislation the rights have been acquired, except in the case of licenses held in respect of rights acquired under German law. In such cases the conditions shall be fixed by the Mixed Arbitral Tribunal referred to in Section VI of this Part. The tribunal may, if necessary, fix also the amount which it may deem just should be paid by reason of the use of the rights during the war.

No license in respect of industrial literary, or artistic property, granted under the special war legislation of any Allied or Associated Power, shall be affected by the continued existence of any license entered into before the war, but shall remain valid and of full effect, and a license so granted to the former beneficiary of a license entered into before the war shall be considered as substituted for such license.

Where sums have been paid during the war by virtue of a license or agreement concluded before the war in respect of rights of industrial property or for the reproduction or the representation of literary, dramatic or artistic works, these sums shall be dealt with in the same manner as other debts or credits of German nationals, as provided by the present Treaty.

This Article shall not apply as between the United States of America on the one hand and Germany on the other.

ARTICLE 311.

"The inhabitants of territories separated from Germany by virtue of the present Treaty shall, notwithstanding this separation and the change of nationality consequent thereon, continue to enjoy in Germany all the rights in industrial, literary and artistic property to which they were entitled under German legislation at the time of the separation

Rights of industrial, literary and artistic property which are in force in the territories separated from Germany under the present Treaty at the moment of the separation of these territories from Germany or which will be re-established or restored in accordance with the provisions of Article 306 of the present Treaty, shall be recognized by the State to which the said territory is transferred and shall remain in force in that territory for the same period of time given them under the Germar law."

ESTABLISHMENTS.

Simla, the 20th July 1920.

RESOLUTION.

IN introducing the revised rates of pay for the Indian Civil Service it was provided in paragraph 4 of the Home Department resolution No. 286, dated the 13th February 1920, that personal allowances should, if necessary be given to individual officers whose pay under the revised rates would in consequence of unusually rapid promotion in the past be less than the substantive pay they were drawing on the date of the introduction of the new rates. It has, however, been brought to the notice that in certain individual cases these orders have not sufficed to protect officers from an immediate reduction of emoluments as no provision was made for the retention of acting allowances.

2. In order to meet the latter class of case, the Government of India have decided that officers of the Indian Civil Service should be granted personal allowances, where necessary, so as to bring their remuneration up to the total of pay *plus* acting allowance which they were drawing on the date of the introduction of the new rates of pay. These personal allowances will be absorbed in subsequent increments of pay in accordance with the principle of article 61-C.S.R. In the case of an officer who was at the date of the introduction of the new rates officiating in a superior post and who subsequently reverts to an inferior post or who was officiating in a post above or outside the time-scale and subsequently reverts to a post in the time-scale, the personal allowance will finally cease to be drawn from the date of such reversion. In all other cases the personal allowance will continue at the rate originally fixed subject to reduction in accordance with the provisions of article 61-C.S.R., irrespective of any grade reversion to which the officer might have been liable.

3. The Government of India are not aware that similar difficulties have arisen in regard to members of any of the other Imperial Services whose pay has been revised as a result of the recommendations of the Public Services Commission, but they are pleased to direct that personal allowances shall, where necessary, be given to members of such services on the principles laid down in paragraph 2 of this resolution.

Order.—Ordered that a copy of this resolution be forwarded to all Local Governments and Administrations, the several departments of the Government of India (including the Financial Adviser, Military Finance) and the offices subordinate to this department, for information and guidance.

Ordered also that it be published in the Supplement to the *Gazette of India* for general information.

Recrimination when seat claimed

40. Where at an inquiry into an election petition any candidate, other than the returned candidate, claims the seat for himself, the returned candidate or any other party may give evidence to prove that the election of such candidate would have been void if he had been the returned candidate and a petition had been presented complaining of his election.

41. When at an inquiry into an election petition the Commissioners so order, the Advocate General or some person acting under his instructions shall attend and take such part therein as they may direct.

(*c*) the result of the election has been materially affected by any irregularity in respect of a nomination paper, or by the improper reception or refusal of a vote, or by any non-compliance with the provisions of the Act or the rules or regulations made thereunder, or by any mistake in the use of any form annexed thereto,

the election of the returned candidate shall be void.

(2) If the Commissioners report that a returned candidate has been guilty by an agent (other than his election agent) of any corrupt practice specified in Part I of Schedule IV which does not amount to any form of bribery other than treating as hereinafter explained or to the procuring or abetment of personation, and if the Commissioners further report that the candidate has satisfied them that—

(*a*) no corrupt practice was committed at such election by the candidate or his election agent, and the corrupt practices mentioned in the report were committed contrary to the orders and without the sanction or connivance of such candidate or his election agent, and

(*b*) such candidate and his election agent took all reasonable means for preventing the commission of corrupt practices at such election, and

(*c*) the corrupt practices mentioned in the said report were of a trivial, unimportant and limited character, and

(*d*) in all other respects the election was free from any corrupt practice on the part of such candidate or any of his agents,

then the Commissioners may find that the election of such candidate is not void.

Explanation.—For the purpose of this sub-rule "treating" means the incurring in whole or in part by any person of the expense of giving or providing any food, drink, entertainment or provision to any person with the object, directly or indirectly, of inducing him or any other person to vote or refrain from voting or as a reward for having voted or refrained from voting.

Report of Commissioners and procedure thereon.

43. (1) At the conclusion of the enquiry the Commissioners shall report whether the returned candidate, or any other party to the petition who has under the provisions of these rules claimed the seat, has been duly elected, and in so reporting shall have regard to the provisions of rule 42.

(2) The report shall be in writing and shall be signed by all the Commissioners. The Commissioners shall forthwith forward their report to the Governor General who, on receipt thereof, shall issue orders in accordance with the report and publish the report in the Gazette, and the orders of the Governor General shall be final.

Form of report.

44. If either in their report or upon any other matter there is a difference of opinion among the Commissioners, the opinion of the majority shall prevail, and their report shall be expressed in the terms of the views of the majority.

Finding as to corrupt practices and persons guilty thereof.

45. Where any charge is made in an election petition of any corrupt practice, the Commissioners shall record in their report—

(*a*) a finding whether a corrupt practice has or has not been proved to have been committed by any candidate or his agent, or with the connivance of any candidate or his agent, and the nature of such corrupt practice, and

(*b*) the names of all persons (if any) who have been proved at the inquiry to have been guilty of any corrupt practice and the nature of such corrupt practice with any such recommendations as they may desire to make for the exemption of any such persons from any disqualifications they may have incurred in this connection under these rules.

PART VIII.

Special Provision.

Recrimination when seat claimed.

40. Where at an inquiry into an election petition any candidate, other than the returned candidate, claims the seat for himself, the returned candidate or any other party may give evidence to prove that the election of such candidate would have been void if he had been the returned candidate and a petition had been presented complaining of his election.

the election of the returned candidate shall be void.

(2) If the Commissioners report that a returned candidate has been guilty by an agent (other than his election agent) of any corrupt practice specified in Part I of Schedule IV which does not amount to any form of bribery other than treating as hereinafter explained or to the procuring or abatement of personation, and if the Commissioners further report that the candidate has satisfied them that—

(*a*) no corrupt practice was committed at such election by the candidate or his election agent, and the corrupt practices mentioned in the report were committed contrary to the orders and without the sanction or connivance of such candidate or his election agent, and

(*b*) such candidate and his election agent took all reasonable means for preventing the commission of corrupt practices at such election, and

(*c*) the corrupt practices mentioned in the said report were of a trivial, unimportant and limited character, and

(*d*) in all other respects the election was free from any corrupt practice on the part of such candidate or any of his agents,

then the Commissioners may find that the election of such candidate is not void.

Explanation.—For the purposes of this sub-rule "treating" means the incurring in whole or in part by any person of the expense of giving or providing any food, drink, entertainment or provision to any person with the object, directly or indirectly, of inducing him or any other person to vote or refrain from voting or as a reward for having voted or refrained from voting.

Report of Commissioners and procedure thereon.

43. (1) At the conclusion of the inquiry, the Commissioners shall report whether the returned candidate, or any other party to the petition who has under the provisions of these rules claimed the seat, has been duly elected, and in so reporting shall have regard to the provisions of rule 42.

(2) The report shall be in writing and shall be signed by all the Commissioners. The Commissioners shall forthwith forward their report to the Governor General who, on receipt thereof, shall issue orders in accordance with the report and publish the report in the Gazette, and the orders of the Governor General shall be final.

(*b*) the names of all persons (if any) who have been proved at the inquiry to have been guilty of any corrupt practice and the nature of such corrupt practice with any such recommendations as they may desire to make for the exemption of any such persons from any disqualifications they may have incurred in this connection under these rules.

PART VIII.

At any time within fourteen days after such publication, any other candidate shall be entitled to be joined as a respondent on giving security in a like amount and procuring the execution of a like bond.

(3) When in respect of an election in a constituency more petitions than one are presented, the Governor shall refer all such petitions to the same Commissioners, who may at their discretion inquire into the petitions either in one or in more proceedings as they shall think fit.

(3) When an application for withdrawal is made notice thereof fixing a date for the hearing of the application shall be given to all other parties to the petition and shall be published in the Gazette.

(4) No application for withdrawal shall be granted if the Commissioners are of opinion that such application has been induced by any bargain or consideration which the Commissioners consider ought not to be allowed.

(5) If the application is granted—

(*a*) the petitioner shall be ordered to pay the costs of the respondent theretofore incurred or such portion thereof as the Commissioners may think fit;

(*b*) such withdrawal shall be reported to the Governor, who shall publish notice thereof in the Gazette; and

Recrimination when seat claimed

40. Where at an inquiry into an election petition any candidate, other than the returned candidate, claims the seat for himself, the returned candidate or any other party may give evidence to prove that the election of such candidate would have been void if he had been the returned candidate and a petition had been presented complaining of his election.

Attendance of Law Officers

41. When at an inquiry into an election petition the Commissioners so order, the Advocate General or some person acting under his instructions shall attend and take such part therein as they may direct.

Grounds for declaring election void

42. (1) Save as hereinafter provided in this rule, if in the opinion of the Commissioners—

(*b*) any corrupt practice specified in Part I of Schedule IV has been committed, or

(*c*) the result of the election has been materially affected by any irregularity in respect of a nomination paper, or by the improper reception or refusal of a vote, or by any non-compliance with the provisions of the Act or the rules or regulations made thereunder, or by any mistake in the use of any form annexed thereto,

the election of the returned candidate shall be void.

(2) If the Commissioners report that a returned candidate has been guilty by an agent (other than his election agent) of any corrupt practice specified in Part I of Schedule IV which does not amount to any form of bribery other than treating as hereinafter explained or to the procuring or abetment of personation, and if the Commissioners further report that the candidate has satisfied them that—

(*a*) no corrupt practice was committed at such election by the candidate or his election agent, and the corrupt practices mentioned in the report were committed contrary to the orders and without the sanction or connivance of such candidate or his election agent, and

(*b*) such candidate and his election agent took all reasonable means for preventing the commission of corrupt practices at such election, and

(*c*) the corrupt practices mentioned in the said report were of a trivial, unimportant and limited character, and

(*d* in all other respects the election was free from any corrupt practice on the part of such candidate or any of his agents,

then the Commissioners may find that the election of such candidate is not void.

Explanation.—For the purposes of this sub-rule "treating" means the incurring in whole or in part by any person of the expense of giving or providing any food, drink, entertainment or provision to any person with the object, directly or indirectly, of inducing him or any other person to vote or refrain from voting or as a reward for having voted or refrained from voting.

Report of Commissioners and procedure thereon

43. (1) At the conclusion of the enquiry, the Commissioners shall report whether the returned candidate or any other party to the petition who has under the provisions of these rules claimed the seat has been duly elected, and in so reporting shall have regard to the provisions of rule 42.

(2) The report shall be in writing and shall be signed by all the Commissioners. The Commissioners shall forthwith forward their report to the Governor who, on receipt thereof, shall issue orders in accordance with the report and publish the report in the Gazette, and the orders of the Governor shall be final.

Form of report.

44. If either in their report or upon any other matter there is a difference of opinion among the Commissioners, the opinion of the majority shall prevail, and their report shall be expressed in the terms of the views of the majority.

Findings as to corrupt practices and persons guilty thereof.

45. Where any charge is made in an election petition of any corrupt practice, the Commissioners shall record in their report—

(*a*) a finding whether a corrupt practice has or has not been proved to have been committed by any candidate or his agent, or with the connivance of any candidate or his agent, and the nature of such corrupt practice, and

(*b*) the names of all persons (if any) who have been proved at the inquiry to have been guilty of any corrupt practice and the nature of such corrupt practice with any such recommendations as they may desire to make for the exemption of any such persons from any disqualifications they may have incurred in this connection under these rules.

PART VIII.

SPECIAL PROVISION.

Interpretation in case of doubt.

46. If any question arises as to the interpretation of these rules otherwise than in connection with an election inquiry held thereunder, the question shall be referred for the decision of the Governor, and his decision shall be final.
